LUNAR RETURN DATE: 6 July 1937 at 7:35:21 AM

Zodiac Signs on the Ascendant and MC, and the Ascendant Ruler

The zodiac signs on the Ascendant and MC, and the house position of the Ascendant ruler at the time of the Lunar return are described below. Your social and career opportunities for the coming month are influenced by these signs and house placement.

Lunar Return Ascendant Cancer :

**PAY ATTENTION TO THE INNER YOU
TAKE CARE OF OTHERS**

You will exhibit very sensitive characteristics, who retreats very quickly to your own little world when feeling threatened emotionally. You are psychic and receptive to everything in your environment, and feel things on a deeper level than most other persons. Your responses to life situations are emotional rather than intellectual which can have mixed results. Moods will change like the

incoming and outgoing tide, and just as often. A career that brings you into contact with the masses would be an excellent career choice for you this month.

Making extreme changes in your life or going away from your base of operations which you consider safe and secure is detrimental to your well being, because you are such a homebody. You keep a tight grip on people, possessions, memories and sentimental objects. Your home and domestic security is significantly important to you, and you run on pure "instinct". There is potential for difficult relationships and partnerships this month, and can be with people who are older than you that represent authority figures to you. No doubt you will want to spend your time and energy closer to the home front this month. Cancer is ruled by the moon, which implies strong nurturing instincts, and more time may be spent caring for or being sympathetic to others.

You will be more adept at culinary skills, and design or architectural ability. Retaining water will be more of a problem this month, as well as emotions of the addictive kind which can lead to weight gains or addictive substances of any kind. Health wise the breasts, stomach and digestive system are your most vulnerable areas this month.

In connection to other people in your environment you are very loyal, protective, supportive, loving, compassionate, softhearted and sympathetic to their needs. People will seek you out in a time of crisis because they know you will understand and provide help if at all possible. Perhaps they know you are just a good listener.

You will never forget the thoughtful or thoughtless, kind or unkind things that are said and done to you. You may forgive them, but never forget any injustice.

Mood wise, you drive people crazy with your open methods of communication or your withdrawn nature that keeps in touch through thought waves that others are supposed to understand, and sometimes do. Remember you are the only ones communicating non-verbally here! If you weren't moody before, you can easily be introduced to it this month. Look to the house where the MOON is located to see where your emotional needs are, and can be met.

Ascendant is in Cancer, Pisces Decanate

Ruled by the planet Neptune, you will much more sympathetic, sensitive and compassionate to the world around you. You will also be extremely psychic and absorb everything on a personal level. You will be super romantic and very protective of your family and loved ones. Secretive characteristics will also emerge with Neptune so strong here.

Ruler of Ascendant in 11th house

With the Lunar Ascendant Ruler in the Lunar 11th house, social and intellectual security takes on a greater prominence. You will look for acceptance in life with people around you in group and personal situations. The 11th house represents friends, social groups, and societies, and it also represents the affection that you need from others to feel important.

Lunar Return MC Taurus:

Since this is the most "visible" part of the Lunar chart, it represents how you are actually seen in the world by others. It represents your more outward or public face and where you are likely to encounter success, and your reputation in the world. Your goals include the ability to accomplish things with the speed of glue. This is an asset because you will never forget the fine details and finishing strokes that make projects into masterpieces. Every action you employ is well thought out, organized, filed, cross referenced and above all methodical. You can work for hours on projects that people have lost interest in.

Taurus located here this month wants to go after a career that is worthwhile through monetary gain. Careers in art (investing or painting), music, banking, investment and finance, real estate ventures, agriculture, architecture, landscaping and conservation. Since Taurus is ruled by Venus, flowers, leather, jewelry, and wood are areas of strong interest. In relationship matters, Taurus is more stable and social, and should be much more happy and fulfilled.

Once you have a project finished, I defy anyone to try to make changes in your presentation. This is where your stubborn and strong willed nature is stimulated and the symbol of the Bull emerges. Like the homing pigeon who flies home the same way every time, you do everything in your life the same way, day after day even if you hate the routine while complaining at the same time.

You are considered to be rock hard, headstrong, opinionated, solid, reliable and dependable. You are sensible and practical in all matters and your appearance is cool, calm and collected, and unemotional most of the time, which masks a great strength which is an asset to you in times of struggle. Security on the job, finances which balance in your favor and a home which is your piece of the rock are utmost important to you.

You have an enthusiastic approach to all things beautiful, whether love or art forms, and can be quite at home among nature. You have magnetic qualities which makes people feel at home with you immediately. This is the spell you weave to get others into your web. Once inside you do not give them up easily, if at all. Jealousy and possessiveness are your shortcomings.

Zodiac Signs on the Other House Cusps

The zodiac signs on the other house cusps affect your attitude to many areas of your life, and have a significant impact on what kinds of opportunities and challenges will present themselves in the coming month.

Virgo on 2nd cusp:

With Virgo on the second house of money and possessions, you are very particular and exacting about money and possessions. Your financial picture is determined by what you can accumulate by using your mind with a greater attention to detail. You are very careful with your finances, but you can become somewhat penny-wise and pound-foolish. You may save on small matters only to throw it all away on luxuries and expensive entertainment. Be careful money matters don't do you in through health matters, as you are apt to worry about money a lot. Look to the house containing Mercury to see where you can earn your money, most probably in service related industries.

Libra on 3rd cusp:

With Libra on the cusp of the third house of communication and learning, it shows that thoughts and ideas are expressed gracefully, and with a lot of class. Venus is the ruler of Libra, so there may be some shared artistic talent in your line of communication. Artistic and musical aspirations or interests will be very strong with this placement. You would make an excellent diplomat because you have very refined mannerisms. Family matters, dealing with neighbors, or the public are your forte, and will be approached in a friendly manner because you dislike any kind of conflict or confrontation. Look to the house where Venus is located to see where your interests can be found.

Scorpio on 4th cusp:

With Scorpio on the fourth house of the home, family, roots, real estate, property and security, you will have obsessive feelings about your home and family. Since Scorpio is such a secretive sign, whatever goes on in the home remains in the home, and you may not even tell yourself what is going on. There will be very strong protective and loyalty energies to the home and family structure. You can count on others to be there when the going gets tough, and because of this you expect loyalty and respect in return. Scorpio likes breathing room and spacious areas to wander. A home in the woods in the middle of nature would be your slice of heaven. Look to the house where Mars/Pluto is located to

see where your home security can be found.

Sagittarius on 5th cusp:

You have Sagittarius on the fifth house of Children, recreation, romance, creativity, artistic abilities, hobbies, writing books (creatively), speculation and investments. You will do everything in a big way, and spoil everyone around you, this includes children. With Jupiter here, it will be hard to keep tabs on you as you jet off to some exotic location, living the good life. Gambling, speculation and investments are at the top of your list of things to do everyday. You have a good handle on young people and their needs, and would make an excellent parent or provider. You will respect their rights as individuals and earn their respect in return. Look to the house where Jupiter is located to see where you might find your recreation and romance potential.

Capricorn on 6th cusp:

You have Capricorn on the cusp of the sixth house of Work, Work environment, responsibilities, health, work and service for others, relationships with employees and co-workers, and your interest in physical fitness. You should be careful of taking a job where you are unfulfilled and limited in what you can do. Your responsibilities to work and will be great, but this doesn't leave any play or free time. If you push yourself too hard in work, there can be physical ailments to deal with. As someone in charge of others, you will be very strict, demanding and a disciplinarian. Sometimes Capricorn located here avoids work altogether because of lack of interest in themselves. You value a challenge and responsibilities that accompany it. Look to the house where Saturn is located to see where you might find work or service to others.

Capricorn on 7th cusp:

Relationships, partnerships, marriage, people you have close associations with, cooperation or lack of, contracts, and legal matters are all part of the seventh house, with Capricorn located here. You will be rather cool, calm, collected, reserved and shy, and marriage for status and security is a possibility with Capricorn here. It is more than likely that any permanent commitment here will be after a long courtship, as this placement does not signify an impulsive coupling. One or both of you may feel very restricted in any relationship, perhaps having to take responsibility for someone. You will be very supportive of others and could sense their needs with a minimum of emotional contact. Look to the house that contains Saturn to see how you will deal with partnerships.

Pisces on 8th cusp:

The eighth house deals with joint resources. Possessions that are not earned

directly by you, but obtained through the relationship, wills, or pensions. It also has to do with money belonging to others such as taxes, corporate money, insurance, and the stock market. The eighth house also relates to the mysteries of life and sex. Pisces will have an influence on the above matters by bringing worry and concerns over finances for no real reason, but that won't stop you from worrying anyway. Material aspirations are not a strong part of your life now, and you are happy living the moment. In matters of spirituality, there will exist a strong intuition and psychic abilities. Legacies are apt to be a source of disappointment for you because of hidden obstacles and deceptions connected with it. Look to see which house Neptune is located in, to see where your joint money can be found.

Aries on 9th cusp:

The ninth house is the house of long range goals and long distance travel. Religion, philosophy and higher education are ninth house matters. With Aries ruling the ninth house, you will be optimistic in your plans goals and desires. You will be aggressive when making and following through on plans, and can easily visualize where you want to be this month. Look to the house where Mars is located to see where your interests in higher aspirations can be found.

Gemini on 11th cusp:

The eleventh house has domain over achievement of goals and objectives, and hopes and wishes. Humanitarian efforts, clubs, groups, associations, sharing ideals are also associated with the eleventh house. People that support your efforts, friends and connections to the outside world can be found in this house. With Gemini located in the eleventh house, the focus turns to personal connections with people who have the same intelligence, humor and wit as you. Making friends comes easy for you, and your sense of humor is heightened with this placement. You will be happiest when you are with other people, but need constant mental stimulation to be happy. Look to the house where Mercury is located to see where you might find your friends, associations and group involvements and interests.

Cancer on 12th cusp:

The twelfth house rules the subconscious mind, problems arising from unseen causes, and limitations in our lives. This house has rulership over behind the scenes activities, emotional problems, secrets, deceptions, problems to overcome, the side of ourselves away from public view, where the soul can step back and take a look at the world around us. The twelfth house also has rulership over prisons, hospitals, and other institutions that would remove you from society. Cancer energy on the twelfth house indicates it will be hard to let your feelings show, keeping your innermost feelings to yourself. Even though you are

generous to others, your feelings are easily hurt if you feel unappreciated. You require a lot of TLC or personal attention, as you can easily feel taken for granted for your efforts. It will be difficult for people to understand what you need, when you keep your feelings and thoughts to yourself. Look to the house where the Moon is located to find that area in which you retire from public view.

The Sun

The placement of the Sun in the Lunar return chart is very important and affects almost every area of your life!

Lunar Return Sun in 12th house:

The Lunar Sun is now in your 12th house. But what does the position of the Lunar Sun mean to you and how will it affect your life this month?

Private time will be needed so you can spend some quality time by yourself rather than sharing it with the outside world this month. This is not the time to gamble, speculate or take chances with your resources. The intuition is heightened and perhaps you will gain insights into hidden or secret matters that you are curious about. Any secret activities or secret love affairs are much more important to you this month. You may notice an illness can arise, sometimes minor, that forces you to take some rest to recuperate. Look at the aspects to the Lunar Sun this month to see what you will accomplish.

Sun semisextile Moon:

The creative juices are flowing this month! What can you use that creativity on? Let your mind go free and experience something perhaps for the first time. Relationships are likely to include more Cancer, Scorpio or Pisces (water sign people).

Don't be so easygoing this month that people take advantage of you unless you want them to, that is the only real danger this here. Romance and Real Estate matters are also favored.

Satisfaction with working conditions allows a better product to be produced and a more traditional type of entertainment will prove more satisfying to you in your off time.

Sun conjunction Mercury:

Major good news can easily arrive that puts a smile on your face this month and sheer will power will override intellectual considerations that will aid you in completing tasks. Get togethers can spark some very meaningful discussions that will be remembered for the rest of the month.

Take a look at your life, what you've done, where you have been and where you are going and make the appropriate changes if necessary. Fresh and new ideas for creative endeavors can surface. Contacts can include more Virgo or Gemini People that are involved in your life now.

This is one of those months where you can be close and intimate with others without feeling vulnerable. Do your own thing in life this month rather than what others expect you to do. Should you be lacking in self confidence this month will give you a shot in the shorts to come alive again in the world. You will probably make more short trips around town than usual this month as well.

Sun semisquare Venus:

Uncontrolled romantic attachments and pleasure seeking may be all in vain and cost you a bundle in the process. Be careful not to smother people with affections, or let them get an emotional hold on you that you cannot break. Remember that affections will not be returned by others this month. You will find more contacts with Taurus or Libra people at this time, which should prove to be very inharmonious.

Emotional slights can cut like a knife even more so under this influence, so use caution in the remarks department. This month is notorious for overindulgence in the social and sexual department. This isn't the best time for a party because you can easily go overboard in the food department leaving you with a refrigerator full of leftovers. Actually what is going on here, is a childish need for attention that desperately needs fulfilling in whatever form it takes. All interests this month will focus on being self centered, so deal with it however you have to.

Sun sextile Uranus:

The wheel of fortune can easily bring possibilities for advancement, or a desire to learn something new. This is a great month for a second honeymoon, and fortunate for buying or playing with some new electronic gadgets or toys. Wonderful creative insights can fill your head this month, so try and use them for your own advantage. Social activities increase and whatever you tackle should work out very well. Contacts this month are likely to be with Aquarius people, or people who have those qualities, and should be harmonious.

This is a wonderful influence for a family gathering and the grasping of new ideas will be very easy for you this month. A time of increased popularity has found you and exciting adventures can be experienced. Some mild speculations can be rewarding as well.

Romantic encounters or relationships that start this month are guaranteed to be ELECTRIC in nature. Some sort of sudden turn in your life can easily occur that will have you looking at things in totally new ways. You may suddenly decide to move or change your vocation. Creativity is blessed with new concepts, ideas and form.

Sun sextile Neptune:

Job hunting prospects look good and humanitarian projects are emphasized this month. Intense and powerful experiences will find you and investigation and study unto the unknown will be very revealing. Contacts this month will include more Pisces personalities than normal, and be in complete harmony.

Perceptions are stronger than usual this month, so please pay attention to the insights that come to you. Remember to forgive others when they do you wrong, and be merciful to others. Meditation and Spiritual Development can begin at this time and spiritual values should be shared with others.

The intuitive mind can influence the thinking process, and this is sure to be a very spacey type of month. Kindness and generosity can easily be bestowed on others. You have the ability to visualize past experiences and analyze them. This is a very favorable month for meditation and self development.

A great month to do any chores or take a vacation, but try to avoid any laziness that is sure to find you. Ideal loves are in the picture so go find them or perhaps they will find you. Long journeys are favored.

Sun quincunx Node:

Don't expect communications to be easy with the rest of the world this month. A withdrawal from social activities can be expected. Problems with the nervous system can develop and physical exercise may be the key to relieving the tension.

Relationships between men and women will not do well and creative endeavors should be left alone, for a more fortunate time. You may want to be a leader, but the timing is very wrong.

The Moon

The placement of the Moon in the Lunar return chart affects emotions, moods, domestic affairs and relationships with women during the coming month.

Lunar Return Moon in 11th house:

The Lunar Moon is now in your 11th house. The Lunar Moon rules your emotional needs and the specific houses show where your needs will lie and be met for the next month.

Hopes and wishes, friendships and goals take on emotional importance and emotional determination sees us forward to those goals. Time spent with friends is a wonderful outlet for personal thoughts and feelings as we have a deeper appreciation for friends in our environment this month. You may even form some new friendships or bonds that are emotionally satisfying. Emotionally we will support and protect friends more so than other times and if they are in need, we are right there for them. We can be easily hurt though if those same feelings are not reciprocated or appreciated by others. Avoid being possessive, as this can drive people away rather than draw them nearer. If the Lunar Moon makes stressful aspects while in the 11th house, there can be some friendships or associations with groups that become stressed.

Moon semisextile Mercury:

If you have to sign any papers, this month is the time to do so. Enhanced mental faculties exist this month and a good grasp of all situations and sound judgment is present. Dexterity will come easily in oral or written forms as well. Expect to be active, perceptive, more compassionate and sympathetic, protective and thoughtful to people in your environment. Be ready to receive pleasant messages and news and consider this an excellent month for being alone to meditate.

Moon semisextile Uranus:

Cars should be bought or repaired with this placement, if possible when the Lunar Return Moon is on the increase or well aspected to the sign Aquarius. New technologies and ideas can be grasped much easier this month, and changes implemented on the home front will have a positive outcome. People can and will show up unexpectedly and out of the blue.

Phone calls can suddenly arrive from women in distress, and you will find the

compassion to provide comfort to them. Communications can arrive from Aquarian people, or people with those qualities.

Moon square Neptune:

Confusion and delusions can cloud your sense of reality this month, and self destructive behavior should be excluded from your environment. Allow more time to pray or meditate. During this month it would be best to refrain from using any form of drugs or alcohol. You will find that your psychic impressions and ESP can be out of whack temporarily. There can be some overwhelming obsession to someone, perhaps a Pisces person.

Moon semisquare Pluto:

Emotional issues will be charged creating some very negative conditions. Do not become involved in the jealous reactions of others or those feelings within yourself.

Moon opposition Node:

Emotional problems can interfere with professional and domestic matters this month and this is an UNFAVORABLE time for real estate transactions, domestic or business purchases and for professional or family dealings that involve women or the public.

Mercury

The placement of Mercury in the Lunar return chart affects communication, and your ability to learn and express yourself during the coming month.

Lunar Return Mercury in 12th house:

Mercury is in your 12th house, and indicates areas of interests in your life this month, as well as health matters or where your thoughts are likely to be focused.

Communications DECREASE as you prefer to keep your opinions and thoughts to yourself rather than divulge them to the outside world this month. This is a wonderful time to go off by yourself and meditate or find some peace and quiet that will prove beneficial to you. If Mercury makes stressful aspects while in the 12th house, there can be a tendency to want to escape your reality,

daydreaming, or information is received that is false, secret actions that are initiated or about to be and some ill health.

Mercury square Saturn:

If you are involved in sales, they may not be up to par and it might be best to reschedule clients. Dragging the past into your life this month won't help matters, so leave them in the past. Keep things on a strictly legal basis and keep business strictly business this month.

Communication problems can leave you alienated from others, and lost mail or delays in deliveries can be expected. People will say what is on their mind this month and you will not take criticism very well.

Negativity and mistrust surround you this month and ill health and problems with bones, teeth, constipation, aches, pains, colds and flu can develop. Energy levels and vitality will be very low as well. This is not good time for legal matters.

Mercury sextile Uranus:

Unexpected communications can come and original thinking on your part can develop into wonderful projects. There can be many short trips or a friend may call and invite you to dinner. Dreams can bring new insights into problems and new areas of life.

The mind becomes very curious about all kinds of things, the more way out the concept, the better you will like it. Should you be learning something new, you will pick up the subject at hand with great ease.

Sudden intuitive insights can present marvelous solutions and sudden good news can arrive that takes you completely by surprise. Unexpected short trips that prove to be profitable or information received can be quite different and unusual to some degree. Phone lines can get real fuzzy and spontaneous reactions to situations is highly probable this month.

This month favors the opening of formerly unopened doors and breaking the chains that bind you. Creative sparks that occur this month should prove very exciting.

Mercury sextile MC:

This is a good time to go looking for real estate, pay bills, or pay attention to all details and balance the checkbook. Your heart and mind will be more in harmony and activities that take place in the home are fortunate. Public relation matters can prosper and domestic and professional matters go well.

Venus

The placement of Venus in the Lunar return chart affects romance and friendship over the coming month.

Lunar Return Venus in 10th house:

Venus is in your 10th house this month. Venus is the Goddess of love and where you might find it and money matters and how you will handle it or what you might spend money on.

Business matters, your profession and career are highlighted. Redecorate the office, buy artwork, or new love relations with older people can be found at the workplace. Success is highlighted with the opposite sex and people who are in authority will be very receptive to your ideas and can be beneficial in rendering support to your cause. The boss might be looking pretty good right now and a little love adventure is possible. If Venus makes a harsh aspect while in the 10th house, you might be tempted to use your status to gain favors both materially and sexually from others.

Venus trine Jupiter:

A strong attraction to all things that are beautiful exists this month. Take someone out to a candlelight dinner, or if you are an artist or compose or play music, this can be a very creative and inspiring time for you. Long distance journeys and dealing with people at a distance is highly favored and the ideals of people around you will be easier to understand. The sharing of philosophies of others is favored.

You are in a very content state of mind, and favors business, finance, foreign investments, medicine and law. Legal matters decided this month will work out quite well and new friendships can be stimulating and wonderful. Rest and recuperate rather than work if you can, as this is a rather lazy time.

Venus sextile Pluto:

Encounters open a wider circle of colleagues to you this month and renewed commitments of love can be undertaken. Insights into love can occur that are quite profound and strong attractions to the opposite sex will be felt. Marital

relations can find their beginning now, and if at all possible, give flowers to someone special. True love can be found somewhere close by you, and remember that "Love will conquer all" is the theme of this influence. Those of sad heart will be much happier than in the past this month.

Thus is a time of sexual stimulation which should be quite exciting and there will be a greater tolerance for others and is a virtue which should be exercised at every opportunity. Your social life will pick up and you may have the urge to invite people over for a party. Secret loves can easily develop and existing relationships will rise to a higher level of understanding.

Venus sextile Asc.:

You might be experiencing a lucky streak of sorts right this month, but Lunar Return Venus doesn't bring you the big bucks, so don't overdo it. A new love relationship may begin and all will go smoothly in matters of love.

Mars

The placement of Mars in the Lunar return chart affects your drive, ambition, and vitality during the coming month.

Lunar Return Mars in 4th house:

Mars is in your 4th house this month. Mars is the planet of intense activity and the house it occupies by placement shows where that activity will take place. Mars is aggressive and can be quite selfish in its needs and desires, so be careful how you utilize this tremendous energy.

If you are living at home you may experience life with your parents difficult, or your home environment testy. Accidents and fires are a possibility around the home or sexual activity and stress can be centered around the home. This is a wonderful position for do it yourself projects or building.

Indigestion is a health problem connected with this position of Mars caused by emotions that are out of control, or poor choices in food. Professional life can be difficult, but energy can be applied to productive projects.

Your behavior can be petty or irritable to say the least now and if Mars makes a difficult aspect while in the 4th house, there is the danger of accidents or injury

around the home, and a potential for fire hazards which must be kept under control.

Mars sextile Jupiter:

Good fortune is with you in pursuing goals this month and receiving just payments for your efforts will have a good chance of success. Good luck and good fortune are knocking on your door, make sure to let them in. Discussions and interviews are likely to be well received now.

Go ahead and take a chance in some mild speculation now, you will find a possible winner at the track among the favorites. Expanding in any area of life now is under a fortunate star and an increase of confidence can easily bring fortunate opportunities to you so create your own luck! This month favors working on the home front, legal matters and travel. Negotiate any deals under this influence as prosperity has your name on it. Buy or fix your car now or settle any old business that needs attention.

Mars Sesquiquadrate Saturn:

Industrial or transportation accidents are possible, so use extreme caution. Urgent situations can arise this month, calling for urgent solutions to problems. The presence of extreme anger should be recognized and dealt with before it gets out of hand. Young and old can easily face each other in that old popular favorite, the generation gap and matters of law and order may seem to be ineffective temporarily.

Difficulties can easily arise with father figures, the boss or any authority figures. Legal matters and dealing with the government are unfavorable. Stick only to programs that have been working for a long time and don't try to make any changes or rock the boat. Those of you who waste the bosses time with foolish actions or behavior will feel the mighty wrath of who is really in charge. Difficulties over financial arrangements can arise and durability testing in relationships occurs from time to time to point out the weak areas to be worked on. Separations and breakups from close attachments that occur this month will be the result of your own actions and no one can be blamed but you!

Health matters that can arise now are broken bones and problems with the teeth. Caution should be observed with automobiles, tools, machinery and weapons no matter how small, as injuries can occur. The burdens of older people can arise now to be dealt with as well.

Mars sextile Neptune:

This month presents the ability to see beneath the surface in all issues, as you

seem to be more guided by intuition than reason. Activities that go on behind the scenes are highlighted now and creative talents can help to advance your career.

This is a time for spiritual healing, both given and received and charitable work is the key to happiness. Watch overeating, not while you are doing it, before you do it. Defending the truth will be an issue for you now somehow and this will prove to be a very active and productive cycle so make the best of it. Your will power is strong now, and you will be very determined to accomplish something.

This is a very favorable time for pleasant entertainment, good hearts and spiritual enlightenment and they can be found among good friends partaking of good food, conversation and companionship. Your imagination may have a positive effect on the creative process, so use that creative process to make another masterpiece of some kind. Devotion to prayer and spiritual aspirations is likely to be a positive outlet for you now.

Jupiter

The placement of Jupiter in the Lunar return chart determines in what areas of your life you are likely to have opportunities for growth and expansion during the coming month.

Lunar Return Jupiter in 6th house:

Jupiter is in your 6th house this month. Jupiter tends to expand your efforts and brings good fortune and positive change to the house it occupies.

Your health should be good but you are likely to overindulge in the good life causing you to put on weight. Your work place will be fulfilling and you will enjoy taking on more work. If you have been ill, this is an excellent month for the body to heal or recover. Opportunities for employment can arise and teaching, travel, laziness, spiritual healing and better health care practices are favored. If Jupiter receives a difficult aspect while in the 6th house, there can be a lazy attitude adopted towards work.

Jupiter opposition Pluto:

Whatever you do keep your motives, intentions and dealings with others honest, above board and on the right side of the law this month. You may burn bridges to your past in favor of the future and new beginnings. There will be an

overwhelming need for power over others, just be careful that you don't use people for your own purposes and then discard them. You will notice that you pick up some very bad eating habits as well. Jealousy is a danger with this placement.

Reforming others comes under the gun of influences as well, so be careful of who you are trying to reform as well as your motives for doing so. Even though you aren't the authority here, that won't stop you from thinking you are. Expect very radical changes in thinking and attitudes which may have you a bit baffled as well as those around you. Other conflicts will be seen in litigation, joint finances, insurance, taxes and alimony. In your work practices, make sure to take care of all the little details and be especially careful not to overlook anything, because missing the finer points of any project can be your downfall.

Saturn

The placement of Saturn in the Lunar return chart determines where you will encounter obstacles, difficult lessons, and where discipline will be needed in your life during the coming month.

Lunar Return Saturn in 9th house:

Saturn is in your 9th house this month. The purpose of the planet Saturn is to teach us and help us to mature in the houses associated with Saturn. The stronger we resist these changes, the stronger the effects will be felt until we submit to a more structured way of life.

Past efforts can now begin to bear fruit for your efforts this month. Legal difficulties can arise, or you can be somewhat accident prone during long distance travels. This placement attracts religious, philosophic and metaphysical subjects and is a wonderful time for mental studies but be careful of taking on too much of an academic workload. Contacts with foreigners or people different from yourself will be somewhat difficult. If Saturn is making a difficult aspect while in the 9th house, there can be difficulties in educational pursuits.

Saturn trine Asc.:

You will feel less of a need to be with others and an increased need to amuse yourself. Relationships that start this month must understand your need for freedom to be yourself. Moments of silence will be very important to you for

spiritual growth now.

Benefits can come from older and more experienced people at this time and advice can also be sought from them as well. Changes can be difficult to institute under this influence, and old solutions to new and modern problems won't make it. You may become very rigid and not very flexible, and emotional relationships will undergo changes through an intellectual approach.

This influence favors dealing with government agencies and legal matters this month and work towards stability and security in relationships.

Saturn Semisextile MC:

Professional advancement can be yours if you take the initiative, just be careful of setting your goals too high. The results of your hard work will not be fruitful right now, that will come at a later date.

Changes can occur in your domestic atmosphere this month and your responsibilities can shift as people can move into your home, or drastic changes will occur within the structure of the home. You may decide to include more people in your life, or want to take care of others on a one to one level

You will be very anxious for good things to happen and material achievement and this is a good time to work by yourself, because you won't want to be with others.

There will be an easy flow in your professional endeavors and benefits come through older and established firms rather than doing business with the new and untried.

Uranus, Neptune and Pluto

The placement of the 3 outer planets in the Lunar return chart indicates areas in your life that are likely to take surprising twists and turns, where idealism and illusion may enter your life, or where compulsive or extreme situations may arise in your life during the coming month.

Lunar Return Uranus in 10th house:

Uranus is in your 10th house this month. Uranus is the planet that causes us to make changes of the sudden and electric kind in our lives with very little regard

as to whether we want to or not.

Your career can take an unexpected turn suddenly causing your goals, objectives and conditions to change and they may even become restrictive. A step up or a step down in position possible and conforming to the norm will be next to impossible. If Uranus makes a difficult aspect while in the 10th house, you may suddenly lose your job, or suffer other career setbacks.

Uranus trine Neptune:

New age subjects will be very attractive to you during this month and a change of consciousness can bring with it a completely different way of looking at your way of existence.

If you have been considering looking into metaphysical subjects, this would be an excellent time to do so. You can work very hard with others and gain great satisfaction from it. Gifts, Inheritances and inner spiritual growth are all possibilities with this month.

Uranus Quincunx Node:

STRESS has entered your life this month, so use any means to get rid of it before it gets the best of you. You will not appreciate any sexual advances made towards you this month and any assistance that is offered by others will be refused.

You may find that during this time matters of sexuality become less important to you and matters of pure intimacy without being sexually active become more important and necessary. You can also find that people can come to you for consolation and you can do so without the threat of sexual advancement on your part coming into play, instead enjoying people for their company.

Upsetting circumstances arrive in group and individual relationships and freedom will cause setbacks. Pig headedness is a negative use of this energy and arguments are a positive outlet for this energy because it gets everything out on the open.

Uranus conjunction MC:

New occupations can easily begin this month as you open your mind to new ideas and concepts and you can gain expertise in unusual areas. Relationships will be more of a friendship than intimate ones and the people that you associate with will be very unusual as well.

Unpredictable and unexpected events can come into your life without warning

and your career and ambitions can change suddenly in favor of something new and different. New kinds of work are far more appealing to you under this influence.

Events can come along and force a change of profession and new employment opportunities can come through friends. Science, the humanities and astrology all hold some sort of fascination for you this month and sudden promotions are a possibility as well. The motto here is : Expect the unexpected.

Lunar Return Neptune in 2nd house:

Neptune is in your 2nd house this month. Neptune is the Grand Master of illusion, deception, imagination and inspiration, perhaps all at the same time. Psychic and intuitive aspects can emerge from our personalities either consciously or subconsciously and new concepts that are somewhat poetic, compassionate and humanitarian can easily arise. As long as we remain realistic in our approach to life, we shouldn't encounter too many lessons though. Expect Neptune to put you through many changes of perceptions and your views or reality will be altered several times as well.

Avoid any ventures that involve any sort of risks this month, as your income and possessions have a way of fading away. Physical items and income can disappear now, so try to adopt a more spiritual attitude. If Neptune makes a difficult aspect while in the 2nd house, deceptions in money matters, you will be very impractical with money, you can be taken advantage of by con men and there will be no discipline available to handle money matters.

Neptune square Node:

There will be a strong urge to retreat from people who require your help and an avoidance of people that you do not want to meet. If you are experiencing times of difficulty, you will find the need to shun contact with others, if only to avoid a confrontation.

Tension, bad luck and disappointments can arrive in your life this month, but do not fear, because it will soon be gone!

Neptune SemiSquare Asc.:

Partners can easily deceive partners this month, so rely more on your intuition about others. You will find others fudging the truth in a very convincing way and there will be an increased craving for stimulants like drugs, alcohol or caffeine.

Be careful in consulting others for advice as well, as they may not have your interests at heart. Information received may be untrue from doctors, lawyers and

counselors as they may conceal matters from you.

Once you can unmask the illusion that surrounds your relationship and you can recognize it for what it really is you can avoid a deceptive and unsatisfactory experience. Do not enter into any marriage or business commitments because they are not what they "seem" to be. Unfortunately there should be a sign on you that says "please use me, I can use the abuse!"

You are way too trusting of others this month, easily influenced and setting yourself up for financial and business losses. People who are emotionally or mentally troubled will find you like a radio antenna set to your frequency, who will "dump" all of their troubles on you. Let your imagination be "just" your imagination this month and put no importance on it. Perhaps what this influence is showing you is yourself in a past life and what you have done to others. This month it is your turn and you have the same vulnerability they did.

Lunar Return Pluto in 12th house:

Pluto is in your 12th house this month. Pluto is the master of digging down beneath the surface of who you are and bring some very powerful yet subtle changes into your life. Pluto is where your OBSESSIONS can be found this month.

Be careful of being manipulated by matters that are hidden, hidden enemies, self delusions or the use of power for your own undoing. If Pluto makes a difficult aspect while in the 12th house, then there can be secret love involvements or suffer from the underhanded methods of secret enemies.

Pluto conjunction Asc.:

Relationships whether intimate or otherwise are bound to be transformed this month and this can be a time of extreme crisis for you. You may experience a strong feeling of destiny to the point of compulsion, and great energy can be released.

Actions will be difficult to understand but remember, power belongs to you, but be extremely careful how you use it.

Mannerisms and appearance will undergo extreme changes, and intuitive awareness as well as latent clairvoyant faculties can emerge. Business and money matters may begin again on another level.
