# The Psyche and Eros Compatibility Report

What is it you want to know when you are checking out a romantic relationship? Basically two things. First, you want to understand the emotional needs, temperament, hang-ups and issues each person brings to the relationship. In other words, the relationship potential of each person. And then, of course, you want to understand how the emotional needs, temperament, hang-ups and issues of one person relate to those of another person in order to see how they would get along. In other words, the compatibility analysis.

The first two sections of the complete Psyche and Eros Relationship Analysis describes the relationship potential of each person. Sections 3 and 4 is the compatibility analysis and describes how the two people experience each other and the relationship from the perspective of each person.

The myth of Psyche and Eros is a love story which shows the soul's longing for -- and ultimate attainment of -- love.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

# SECTION I: How Brad Relates to Other People

*Gemini on 7th house cusp*

Any kind of confinement - mental, physical or emotional - is abhorrent to you. You cannot and will not be emotionally stifled by your partners. Thus, you may often be close to more than one person simultaneously in order to avoid feeling too dependent.

When you make a commitment (and you may do so more than once), your partner must be as intellectually stimulating and curious and restless as you are. Your boredom tolerance is noticeably low. You don't form emotional ties unless there is mental rapport.

Your dreams, ideals and speculations about matters which transcend day-to-day living are so central to your existence that any person you feel close to must be someone with whom you can discuss these ideas since no one else seems to understand them.

Your partners are bright, verbal, curious people who, on the surface may not appear to have a great deal of emotional depth. However, they connect with you intellectually and that tie appears to be the channel through which you can share emotionally.

*Mercury, Ruler of 7th house, is in 2nd:*

You've always been able to use your talents for speaking and writing to practical advantage. Certainly, on a business level, you are quick to recognize opportunity and the people who can help you turn the opportunity into a successful venture. If your talents are more artistic, you have a special flair for marketing your creativity and making it pay. There is usually a money issue with your personal relationships. Perhaps you met through work and there are shared financial interests. It could also be that you are more possessive than you appear or that money becomes a means of manipulation or a source of conflict. The way money is spent can be an indicator of values and priorities. Sometimes when couples disagree about those issues, they are really

disagreeing about matters far more fundamental such as sex or emotional security.

*Moon Conjunct Venus with an orb between 1/2 and 1 degree*

Lucky you. As a child you received a great deal of love leaving you not only with the capacity to love deeply yourself but with the security of knowing that you have value and that there will always be people you can turn to. You form love ties easily.

*Uranus Square Asc. with an orb between 1 and 3 degrees*

You are an unusual person and are often perceived as "ahead of your time" in some way. Friendship is very important to you - especially in your love affairs. You don't like relationships which are overly defined or confining. You must feel free to love.

*Pluto Square Asc. with an orb between 1 and 3 degrees*

You are not always aware of your own magnetism. Others find you intense and, sometimes, controlling. You have such strong fears of losing relationships that sometimes you imagine that people are turning against you when the opposite is more often true.

*Mercury Trine Pluto with an orb between 1 and 3 degrees*

You are extremely persuasive and, perhaps, skilled at manipulating others to share your views. Your intuition is powerful and the research skills which may help you professionally also manifest in your private life. You know everyone's deepest secrets.

*Jupiter Trine Asc. with an orb between 1 and 3 degrees*

There is a quality about you people tend to trust. They confide in you and generally feel better in your presence which has a kind of healing quality. Sometimes you tend to draw close relationships who originally came to see you for some sort of help or guidance.

*Mercury Sextile Neptune with an orb of less than 1 degree*

You know things intuitively as well as rationally and have a rare capacity to perceive in others feelings, thoughts and dreams they may never have openly shared. Anyone close to you would have to share your love of music and interest in spiritual thought.

*Moon Trine MC with an orb between 3 and 5 degrees*

Your emotional needs and interests transcend your immediate domestic environment. You abhor the provincial and aspire to participate in something which will be of benefit to many. This is not mere ambition but a passion. You may attract the public eye.

*Venus Trine MC with an orb between 3 and 5 degrees*

Love cannot exist for you without admiration and respect. You like to feel proud of your relationships and often form close ties with those in positions of authority. You are socially conscious and attract friends and good fortune through your personal charm and talent.

*Venus Sesquiquadrate Uranus with an orb between 1 and 2 degrees*

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

*Moon Conjunct Mercury with an orb between 5 and 8 degrees*

You're sensitive and perceptive and in touch with your feelings. No matter how difficult a situation is, you feel you can deal with it if you can understand it. Someone who is less emotionally self-aware or expressive would make you feel uncomfortable. You like to discuss everything. Feelings that aren't acknowledged can't be discussed.

*Mercury Conjunct Venus with an orb between 5 and 8 degrees*

Intelligence is sexy to you. If a person you find physically attractive isn't also bright, verbal and someone you can talk to, you're not interested. You have a highly developed aesthetic sense and are drawn to people of taste, wit and charm.

*Mercury Conjunct Mars with an orb between 5 and 8 degrees*

Since you tend to be rather irritable and sharp-tongued at times you require a partner with a sense of humor who is not too thin-skinned. You are bright, curious and restless and enjoy the company of those who are equally high-spirited and enterprising.

*Mercury Square Jupiter with an orb between 5 and 8 degrees*

Details are not your cup of tea. You are fascinated by philosophy and the world of ideas. You are a great talker and reader and your best companions will be those who share your concepts and ideals. You prefer professional people with a certain flair.

*Mercury Trine Uranus with an orb between 5 and 8 degrees*

You have an innovative turn of mind and may have a talent for an unusual subject. Your ideas are often considered to be ahead of your time. You can be somewhat impersonal and detached - even with close ties. You need to share controversial ideas with friends.

*Sun does not aspect Moon*

Your parents' interests and emotional natures, while not in violent conflict, were so different it was hard to understand how they ever came together. You associate close relationships with both longing and loneliness and may be unclear about roles.

*Sun does not aspect Asc.*

People do not receive an accurate first impression of you. Owing to shyness or lack of confidence, you have cultivated a persona which is not expressive of the person you experience yourself to be. This creates complications in personal relationships.

## **SECTION II: How Jennifer Relates to Other**

# People

*Aries on 7th house cusp*

You, who can charm others so easily, are attracted to people who are both passionate and direct. You may tend to project your own aggressive and controlling tendencies onto other people and then resent them for it. You cannot be alone. You need partnerships.

You form impulsive attachments. You have a knack of pursuing the people you are attracted to without appearing overly aggressive or anxious. Others may marvel at the way ordinarily aloof people respond to you. You unconsciously arouse competitiveness.

You are charming, romantic and attractive and need to know that other people like you. Self-assertion frightens you and when circumstances make it necessary you usually feel victimized and over-react. You admire people who are strong and aggressive.

Ideally, you connect with people who share your views and are less inhibited than you are about fighting for them. You admire their courage and independence. While they may outwardly appear to be the more dominant partner, this is rarely actually the case.

*Mars, Ruler of 7th house, is in 2nd:*

Your pleasant, gentle persona often belies the intensity with which you go after what you want. The explanation might be you form close relationships with people both personally and professionally who are more obviously aggressive. Your modus operandi tends to be subtler and more civilized.

However, your determination to realize your goals makes you more competitive than most people realize -- particularly where financial interests are concerned as you are quite acquisitive. You have such a clear, well-thought-out approach, you might be a good advisor for others' interests as well as your own.

When you are in love, you have a problem with jealousy and possessiveness even though, ironically, you might be rather a flirt. Your

famous concern for fairness isn't always operative here. You are intensely sexual and you never forget a wound although you might not express this outwardly at the time you've been hurt. You wait. It may not even be conscious. You throw yourself almost obsessively into achieving another goal with frequent success. When the offending person or situation resurfaces, you are courteous but cool. It's over.

*Sun Square Mars with an orb of less than 1/2 degree*

Something in your relationship with your father aroused in you either fear or anger or both. Your relationships with men - personally or professionally - are not comfortable and when you are feeling vulnerable, you can be overly defensive or challenging.

*Moon Square Pluto with an orb between 1 and 3 degrees*

You had an over-controlling parent and something inside of you decided that no one else would ever have that kind of control over you again. You tend to repress your deepest feelings and fears and are surprised when close ties suggest you're manipulative.

*Sun Trine Asc. with an orb between 1 and 3 degrees*

You have a strong, confident, expressive personality which inspires confidence in others. You often find yourself in a position of leadership as do your partners who are also dynamic and successful. Your relationships are marked by mutual respect.

*Moon Trine Saturn with an orb between 1 and 3 degrees*

While you may not be overly demonstrative emotionally, you take close personal relationships very seriously and always feel a strong sense of responsibility and loyalty. You are not a fair-weather friend. When someone needs you, you are always there.

*Neptune Trine MC with an orb between 1 and 3 degrees*

You are guided far more by your spiritual ideals than by more material motivations. While intimate ties are important to you, if the other person didn't share your more cosmic goals, the relationship could not last. Your dreams

often become realities.

*Sun Sextile Moon with an orb of less than 1 degree*

Whether or not your parents themselves had a successful marriage, you came away with a clear sense of the masculine and feminine and how they integrate. You are comfortable with the opposite sex and have no problem forming healthy, enduring relationships.

*Sun SemiSquare Venus with an orb of less than 1 degree*

Your love nature is very turbulent. You form relationships impulsively and then worry it's with the wrong person. There seems to be a dichotomy between the person you know yourself to be and the person you feel you should be in order to be valued and loved.

*Venus Sesquiquadrate Mars with an orb of less than 1 degree*

Yours was not a happy childhood and, while there is nothing you want more than a close love relationship, you may also fear it. You probably have an active sex life but may have some discomfort acknowledging feelings of love, dependence or vulnerability.

*Mercury Opposition MC with an orb between 3 and 5 degrees*

No one has ever quarreled with the obvious fact of your intelligence, however your ideas often put you at odds with people in positions of authority, leaving you with two alternatives: a continuous battle or a withdrawal into your own independent sphere.

*Venus Opposition Jupiter with an orb between 3 and 5 degrees*

You may be overly self-indulgent and inclined toward excesses of eating, drinking, sex or anything which gives you pleasure. You would not be comfortable with someone who was too reserved. You can be quite extravagant both emotionally and financially.

*Saturn Opposition Asc. with an orb between 3 and 5 degrees*

You were not encouraged to be overly expressive when you were a child

and as an adult still tend to be somewhat reserved. You often give the impression of being serious or even stern when, in truth, you are simply feeling shy or self-protective.

*Mercury Trine Jupiter with an orb between 3 and 5 degrees*

You have a quality people trust and you are often sought after as a confidante or an advisor. You have high moral and ethical standards and it is imperative that anyone you're close to is a person of the highest integrity. You prefer well-educated people.

*Mercury Trine Uranus with an orb between 3 and 5 degrees*

You have an innovative turn of mind and may have a talent for an unusual subject. Your ideas are often considered to be ahead of your time. You can be somewhat impersonal and detached - even with close ties. You need to share controversial ideas with friends.

*Mars Trine MC with an orb between 3 and 5 degrees*

Power is sexy to you and even when a relationship is not a romantic one, you find ambitious go-getters in positions of authority very magnetic and fascinating. It is important to you that close ties not only share your goals but are prepared to fight for them.

*Sun Sextile Saturn with an orb between 1 and 5 degrees*

You are serious, responsible, well-organized and protective. You take care of the people to whom you are close and see to it that their practical needs are attended to. For you a relationship is successful when it falls into a comfortable, pleasant routine.

*Moon Sextile Asc. with an orb between 1 and 5 degrees*

You are more expressive of what you're feeling than you sometimes realize. People respond to you in a very immediate way because they can intuitively sense what is emotionally motivating you and they feel comfortable. You may attract public attention at times.

*Mercury Sextile Neptune with an orb between 1 and 5 degrees*

You know things intuitively as well as rationally and have a rare capacity to perceive in others feelings, thoughts and dreams they may never have openly shared. Anyone close to you would have to share your love of music and interest in spiritual thought.

*Pluto Sextile MC with an orb between 1 and 5 degrees*

Power struggles often enter into your relationships - both personal and professional. You have an innate fear of being dominated owing to your experience with a controlling parent. Strong people fascinate you. You're a little afraid of people you love.

*Venus Opposition Uranus with an orb between 5 and 8 degrees*

You need to be close and you need to be free. This is a major life conflict which has always created complications for you in close personal relationships. One manifestation of this may be a tendency to pursue the unavailable or the unreliable.

*Sun Square Neptune with an orb between 5 and 8 degrees*

Your father was either over-idealized or he was rejected as a role model. Either way, your concept of what a man should be is not based upon a mortal person, but upon an ideal. This may lead to unrealistic expectations in close personal relationships.

*Mercury Square Asc. with an orb between 5 and 8 degrees*

You relate to your world through your intellect but you may be so absorbed in your own ideas or projects that you don't always perceive when misunderstandings or cross-purposes place you at odds with others and set up unnecessary barriers to communication.

*Saturn Square MC with an orb between 5 and 8 degrees*

You learned at an early age to be cautious with people in a position of authority. This reserve may also extend to personal relationships with those you may admire or respect. Old parenting issues inevitably infiltrate all of your close relationships.

*Mercury Trine Pluto with an orb between 5 and 8 degrees*

You are extremely persuasive and, perhaps, skilled at manipulating others to share your views. Your intuition is powerful and the research skills which may help you professionally also manifest in your private life. You know everyone's deepest secrets.

*Moon does not aspect Mercury*

It's as if the emotional and rational sides of your nature take turns expressing themselves. You are either utterly detached and objective about a situation or so emotionally involved you have no perspective. You are not in touch with your feelings.

## **SECTION III: The Relationship from Brad's Point of View**

Brad, the following information explains how you view your relationship with Jennifer, and explores some of the major issues that arise.

*Your Mars Square Jennifer's Venus (orb < 1 deg)*

There is a powerful sexual energy between you which is somewhat complicated by your different emotional styles. Elusiveness does not exactly put you off and, at times, you come on too strong. If yours is not a sexual relationship, you will make war not love.

*Your Venus Sextile Jennifer's Mars (orb < 1 deg)*

A sexual energy permeates your relationship and will underlie all aspects of your connection. In addition Jennifer stimulates your creativity, heightens your energy and lends a certain excitement to all of your contacts. Jennifer's presence makes you feel livelier.

*Your MC Sextile Jennifer's MC (orb < 1 deg)*

However else you may differ, when it comes to personal goals and life purpose, you appear to be moving in the same direction. You have similar attitudes toward authority and your compatible personal philosophies suggest you could achieve together professionally.

*Your Sun Conj Jennifer's Moon (orb 1-5 deg)*

You enjoy a wonderful sense of being seen and understood. This is a very strong common bond. Your very presence has a strong effect upon Jennifer's emotions. There is a good balance between the masculine and feminine qualities in each of you.

*Your MC Conj Jennifer's Pluto (orb 1-5 deg)*

Since you met, your life direction has been totally transformed. This relationship has a strange influence over you, particularly on a professional level. Jennifer connects strongly to your public image and projects a power onto you which can be worrying.

*Your Moon Oppos Jennifer's MC (orb 1-5 deg)*

You intuitively understand Jennifer's dreams and ambitions and the emotional support you provide plays an important role in Jennifer's achievements. Jennifer respects and admires you, depends on you and may unconsciously be seeking your approval when seeking success.

*Your Venus Oppos Jennifer's MC (orb 1-5 deg)*

We all have fantasies about the sort of person who would be an ideal partner. When you first met Jennifer, it was like a recognition. You felt oddly at home with someone you idealized. Happily, Jennifer reciprocates these feelings.

*Your Sun Square Jennifer's Pluto (orb 1-5 deg)*

You may feel an excessively strong need to assert yourself as your ego feels very threatened by Jennifer's subtle power over you. Your fascination

with Jennifer makes it difficult for you to sever the tie even if you feel the relationship is wrong for you.

*Your Moon Square Jennifer's Saturn (orb 1-5 deg)*

No matter how close you, you're never entirely comfortable emotionally when you are together. Jennifer subtly affects your self-confidence and you may have a disquieting sense that no matter how hard you try to please you never entirely succeed.

*Your Venus Square Jennifer's Saturn (orb 1-5 deg)*

Sometimes Jennifer puts too much pressure on you which can be a turn-off -- especially when that pressure becomes too demanding, too jealous or, in some way, too inhibiting of your pleasure. A natural response to withdraw only makes it worse. Jennifer secretly longs for your approval.

*Your Venus Square Jennifer's Asc. (orb 1-5 deg)*

There is something about the way Jennifer looks and behaves which charms and captivates you. You were attracted from the first meeting. Perhaps you even fell in love a little. Jennifer may represent a private fantasy.

*Your Mars Square Jennifer's Jupiter (orb 1-5 deg)*

You really enjoy being together, sharing interests and activities. This is a productive working relationship as well as a satisfying personal one. You enjoy helping Jennifer to grow and achieve and Jennifer stimulates your best energy. Over-enthusiasm leads to excesses.

*Your MC Square Jennifer's Moon (orb 1-5 deg)*

Jennifer always had an intuitive sense of your deepest yearnings, ambitions and goals and that strong emotional support has done much to point you in your life direction. Jennifer is very proud of your successes but hopes they won't overshadow the more intimate aspects of the relationship.

*Your Sun Trine Jennifer's Saturn (orb 1-5 deg)*

This can be a most enduring, if not exciting, relationship with someone who

stabilizes you and helps you to organize yourself and your goals. There are strong feelings of responsibility between you. Jennifer is dependable and makes you feel secure.

*Your Moon Trine Jennifer's Pluto (orb 1-5 deg)*

Jennifer is of an age group and generation whose values you respect. Sometimes Jennifer influences the way you feel about things through sheer magnetism of personality. That magnetism may intrigue you with its strange intensity and subtle eroticism.

*Your Venus Trine Jennifer's Pluto (orb 1-5 deg)*

Jennifer holds a special fascination for you. The bond between you might be somewhat obsessive. Jennifer often exerts an influence over you others may find difficult to understand. This relationship can transform the way you love and relate the rest of your life.

*Your Asc. Trine Jennifer's Venus (orb 1-5 deg)*

The attraction between the two of you is very powerful. Your physical being personifies all that Jennifer finds most attractive and you feel Jennifer's warmth, sensuality and affection in a very palpable way. You find the same things - and each other - beautiful.

*Your MC Trine Jennifer's Mercury (orb 1-5 deg)*

You really admire Jennifer's intelligence and way of speaking. There is something about it that you respect. It vibrates with a certain authority for you and you will defer to it. Jennifer enjoys sharing new ideas with you. You would work well together.

*Your Sun Sextile Jennifer's Sun (orb 1-5 deg)*

You enjoy an easy camaraderie and generally feel quite comfortable together. People tend to perceive you as similar types. One of the things you like about each other is your compatibility of goals and the lack of underlying tension in your relationship.

*Your Sun Sextile Jennifer's Asc. (orb 1-5 deg)*

There was always something about Jennifer with which you could strongly identify, an outward personification of some deeply felt sense you have of yourself. There was a strong, enduring attraction and compatibility from the start.

*Your Moon Sextile Jennifer's Mars (orb 1-5 deg)*

You have fun together and may enjoy teasing each other in a good-natured way. This relationship works best when you're both active and one of you always seems to be encouraging or stimulating the other. There may also be a very strong sexual attraction here.

*Your MC Sextile Jennifer's Mars (orb 1-5 deg)*

Jennifer relates quite intensely to your public or professional persona. You may find this unsettling at times -- particularly when you sense the competitiveness or unconscious hostility you inadvertently arouse. One thing's for sure: when Jennifer's around, you act.

*Your MC Sextile Jennifer's Neptune (orb 1-5 deg)*

Your shared spiritual views and interests powerfully affect your life style and your personal career directions. This idealism is important to both of you and you are ready to make material sacrifices for it. Jennifer idealizes you and you admire Jennifer.

*Your Moon does not aspect Jennifer's Moon*

While you may like and respect each other and understand each other intellectually, there is an emotional distance which might prevent you from being truly at home with or comfortable with each other. You may, at times, find each other's moods or responses puzzling.

*Your Mercury does not aspect Jennifer's Mercury*

You don't think alike. Even if you are in emotional accord, there are times you seriously question if you see the same world since, while your perceptions are not necessarily in conflict, they are so different. Discussions are rarely fruitful or pleasurable.

*Your Mercury does not aspect Jennifer's Venus*

There is something about Jennifer's personal style and taste and way of expressing affection which doesn't comfortably merge with your own. It may not exactly lead to war, but it may have delayed the initial attraction. Your philosophies aren't quite in sync.

*Your Venus does not aspect Jennifer's Venus*

While you may be very fond of each other, you're quite dissimilar in some important ways. Your tastes diverge widely and you tend to express love very differently. You don't like the same people and have different interests. You wish Jennifer dressed differently.

*Jennifer's Sun in your 3rd house:*

Initially, your attraction to Jennifer was intellectual. Possibly you met at a lecture or in an educational setting where the emphasis was on the sharing of ideas. Your relationship has always been marked by long talks. You might also travel well together.

Shared communications are important to both of you. Together you might be involved in a writing or teaching project. Your contacts will be on a regular, daily basis. However, separations eased by frequent letters and phone calls tend to be especially bonding.

*Jennifer's Moon in your 1st house:*

From the very beginning, perhaps before you were formally introduced there was an unspoken understanding between you. Jennifer was intuitively drawn to you as one who personified an inner sense of self and who provided an instant sense of comfort .

You like being around someone whose emotional nature harmonizes so well with your personality. Your relationship has always been marked by a special intimacy and familiarity. Sometimes Jennifer may look to you for an emotional security you can't provide.

*Jennifer's Mercury in your 2nd house:*

You really should consult Jennifer about business matters. Here is someone who takes an interest in your financial problems and could give you excellent advice about managing your money. This interest may be self serving. Is Jennifer a bit too interested in your finances?

You may find yourself oddly possessive of some of this advice and resentful of anyone else who might benefit from it as well. Make sure you don't betray a trust or claim Jennifer's ideas as your own for your own financial benefit. Stick to the plan you both agreed on.

*Jennifer's Venus in your 4th house:*

During the early stages of your relationship, you enjoyed having Jennifer in your home and Jennifer enjoyed being there. Even if yours is a working relationship, it benefits from a more personal association. You're happy with each other and could live together.

The special intimacy which marks your relationship brings back the best and warmest aspects of your home life when you were a child. Jennifer seems to be drawn to a quality you may not reveal to many people and even helps you to develop this hidden quality.

*Jennifer's Mars in your 12th house:*

Jennifer doesn't always have a terrific influence upon your state of mind or will power. Often, when you are together, you find yourself sliding back into bad habits or old behavior patterns. Feelings of confinement or insecurity come to the surface.

While Jennifer may appear to approach matters quite aggressively and forthrightly, you often have an uneasy sense of things going on behind your back which are not entirely in your interests. If you tend to repress feelings of anger, Jennifer brings them to the fore.

*Jennifer's Jupiter in your 10th house:*

Here is someone who can be very helpful to your career and reputation. Jennifer may be a benefactor or a mentor who helps to create wonderful opportunities and whose judgment and guidance is so on-target, it leads you

toward greater success.

This association adds to your personal reputation. Jennifer is known for integrity and is widely respected. Jennifer's interest in your career lends status to your efforts and clearly enhances your potential for outstanding achievement and notoriety.

*Jennifer's Saturn in your 4th house:*

Your home life is never entirely personal. Jennifer brings all kinds of work and responsibility right into your living center. Either you become involved and share the work responsibilities or you begin to feel very much confined and restricted in your own home.

Jennifer may make many demands upon you which are reminiscent of your father. Because of this relationship, you may spend a lot more time at home with the family than you may choose. Jennifer may also have very definite ideas about rules and routines at home.

*Jennifer's Uranus in your 10th house:*

From the first time you met, you were impressed with Jennifer's uniqueness and individuality. You were attracted immediately. The almost instant bond resulted partly from your sense of Jennifer's understanding of your personal aspirations and ambitions.

Jennifer may have an unexpectedly disruptive effect upon your career or reputation. As a result, you'll find yourself making some changes sometimes for the better and sometimes for the worse. Jennifer undoubtedly finds your work interesting and unusual.

*Jennifer's Neptune in your 12th house:*

You may think you understand each other better than you do. Actually, you tend to weave many fantasies around Jennifer. They range from romantic illusions to anxieties and suspicions which may be almost paranoiac. You sometimes find Jennifer vaguely threatening.

This relationship may not have the best effect upon your state of mind. This is due in part to the fact that you are far more easily influenced and, perhaps,

manipulated by Jennifer than you may realize by bringing out aspects of your personality you cannot control.

*Jennifer's Pluto in your 9th house:*

However long this relationship may last, it will have a profound effect upon your basic world view and philosophy of life. On some level, Jennifer is your teacher and your guide. Even if you don't always agree, Jennifer will enable you to clarify your views.

At some point you may take a trip which will not only alter your relationship, it will alter your lives. The two of you will also be especially affected by shared experiences relating to education, publishing, politics or a legal or a theological matter.

## **SECTION IV: The Relationship from Jennifer's Point of View**

**Jennifer, the following information explains how you view your relationship with Brad, and explores some of the major issues that arise.**

*Your Venus Conj Brad's Jupiter (orb < 1 deg)*

The affection and good feeling you share are so strong, you are inclined to share projects and activities which will be lucky and fulfilling for you both. Brad's kindness and generosity expands your feelings and your love inspires Brad to be successful.

*Your Venus Square Brad's Mars (orb < 1 deg)*

When you first met, you felt a strong but unsettling sexual attraction. While there was no question that the interest was reciprocated, perhaps Brad came

on a little too strong. While the sexual energy continues to be volatile, you wish Brad was more romantic.

*Your Mars Sextile Brad's Venus (orb < 1 deg)*

The sexual energy between the two of you was immediate and powerful from the first meeting. This could never be an entirely platonic relationship. If you are not lovers, you will be confidantes and love and sex will be your favorite topics of conversation.

*Your MC Sextile Brad's MC (orb < 1 deg)*

However else you may differ, when it comes to personal goals and life purpose, you appear to be moving in the same direction. You have similar attitudes toward authority and your compatible personal philosophies suggest you could achieve together professionally.

*Your Sun Conj Brad's Saturn (orb 1-5 deg)*

Your connection with Brad is strangely bonding. If you are willing to submit to the restrictions and responsibilities this relationship imposes, it will be a lifetime tie which will improve with time. This can never be a casual relationship.

*Your Moon Conj Brad's Sun (orb 1-5 deg)*

The power of Brad's personality always affects you emotionally. Usually there's a comfortable sense of being close and in tune, but sometimes you feel somewhat overwhelmed and wish Brad was as sensitive to your needs as you instinctively are to Brad's ego.

*Your MC Oppos Brad's Moon (orb 1-5 deg)*
