## Introduction

This report has been written to introduce you to the concepts of astrology and how to get started in relationship astrology. Astrology is a complex and meaningful science which takes years to study and apply successfully; however, we would like to whet your appetite with this report, and encourage you to deepen your understanding through other means.

Astrology is a study of the connection between planets and life on Earth. It is based on a concept that energy patterns form between other planets and Earth and that these energies affect our lives as individuals and communities.

An astrological chart, also known as a horoscope, natal chart, or birth chart, records the relationship between the planets and the signs of the Zodiac. Charts can be calculated for the birth of a person, a community, an event or anything that seems momentous. The horoscope is as individual and unique as a fingerprint.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection your chart, as it is likely that you do experience conflicting desires, events and circumstances in your life. Usually it is the responsibility of an astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Please also be aware of the fact that each person has positive and negative influences in the chart, and therefore in their lives. The challenge is to accept and overcome the negative influences, so that we can successfully focus on the positive traits. This report outlines the influence of both people's charts on each other. This is called relationship synastry meaning the comparison of two horoscopes and the correlations discovered. It is likely that the report will show both the strengths and weaknesses of the relationship synastry. Any advice given is meant to be an aid to a person taking responsibility for their own lives and their own choices within a relationship. The ultimate decision rests with each individual. The author and publisher accept no liability for any adverse affects of this report.

Australian astrologer Stephanie Johnson has written the text in this report. Stephanie holds a Bachelor of Arts (Journalism) and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. She is currently a consulting astrologer, is Company Director of Esoteric Technologies Pty Ltd in Adelaide, Australia and Editor of the Australian Data Collection. She holds the FAA Practitioners' qualification and was a former editor of the Journal of the Federation of Australian Astrologers. Stephanie has also completed the Robert Zoller Certificate in Medieval Astrology. In 2000 she was awarded an FAA Diploma for her share in the creation of the Solar Fire range of astrological software products, with partner Graham Dawson.

## Individual Relating Traits

This section looks at each person's individual relationship concerns in their own personal birth chart. Every individual brings certain needs and expectations into a union, which affect his or her ability to feel loved and supported. This in turn affects the nature and course of the relationship.

### Traits of Courtney

#### *Venus is in the 8th House*

When the planet Venus is placed in the eighth house of your birth chart you demand a high level of commitment from both your personal and business partners. Some people might groan at the thought of entering a business partnership, risking their hard-earned money and having to rely on other people. Not you. Joint projects, in particular business ones, are a source of fulfillment. You're able to stay focused on the task ahead enjoying the challenge and the thought of the possible rich rewards. Depending on other influences in your birth chart, you're likely to benefit financially through joint projects, particularly business partnerships with your spouse. Sexual intimacy in marriage is important to you. It is a major source of enjoyment and self-expression within your most intimate union. For this reason you need to also be wary of becoming too possessive or jealous. As long as you choose someone who also expresses themselves well in a sexual union then your intimate life is rewarding. You're also likely to receive monetary gifts through some form of inheritance.

#### *Jupiter is in the 7th House*

Jupiter is in the seventh house of your chart signifying that relationships are usually beneficial in your life, helping you to expand your monetary and spiritual resources. You attract a marriage partner, who is rich in the earthly or spiritual sense, or perhaps both. This could be a successful businessperson or someone of high professional standing, or perhaps someone who has taken a spiritual path in life. Either way you're likely to be happy and benefit through your primary partnership. It's not just your relationship to your spouse, which is successful, but also business partnerships and relationships with colleagues, and in partnerships, which

require a legal agreement. You're likely to succeed in any project, which requires dealing with other people. The fact that you prefer to work with other people, rather than on your own, is probably a result of your natural instincts telling you that you're likely to benefit through your partnerships. Other people appreciate your ability to work happily and co-operatively in business and personal projects. Of course much of this depends on other influences in your birth chart. In some cases you could suffer through your relationships, but Ancient astrologers believe that the planet Jupiter has a beneficial effect in a person's birth chart. They also believe that it's in a favourable position in the angular seventh house. This means that you're likely to be successful in achieving your goals in partnership with other people.

### *Venus is in Gemini*

With Venus in the sign of Gemini you're curious and flirtatious, and enjoy intellectual relationships with exchanges of ideas. Communication within a relationship is of utmost importance. You need to be on the same intellectual wavelength as your partner. It's not necessary that you agree on all subjects, but you must be able to openly and easily talk about everything. For this reason you also enjoy writing letters and notes, talking frequently on the phone and taking part in any other method of keeping the communication lines open on a daily basis. If you find yourself in a relationship, which doesn't stimulate you mentally, you become bored and restless. It's also possible that you find yourself in the position of having to decide between two potential partners. You can be quite flirtatious, so perhaps you'll not want to decide but simply to enjoy two lovers. While this has its obvious excitement, it could also prove difficult in the long run if you've to make a decision. When it comes to money matters, you also enjoy stimulation. You've many moneymaking schemes, and may dabble in the stock market.

### *Venus is Conjunct Mars*

The planets Venus and Mars are combining in your chart indicating that you seek a stimulating and romantic relationship. You're charming and assertive, passionate and alive, and admire these qualities in a potential intimate partner. You love to share your adventures with your partner, and it's likely that your relationship will inspire both you and your partner to explore new territory. You need only be wary of holding unrealistically high expectations of your partner, as this can lead to difficulties. This is more likely to be the case when you're young and idealistic. You're liable to disappointment, perhaps even angry feelings, when your partner fails to live up to your expectations. You could also feel angry if rejected in love. Fortunately you've an irrepressible side to your nature, on which you can rely in times of relationship trouble. You're a loyal and fun-loving partner with an ability to balance intimacy with independence.

## Traits of Kurt

### *Venus is in the 7th House*

When the planet Venus is placed in the seventh house of your birth chart, relationships of all kinds feature strongly in your life, whether they be personal or business ones. Even if you have an independent side to your nature, you're more likely to seek a partner than remain single. Depending on other influences in your birth chart, you're likely to form a fortunate marriage, or perhaps marry early in your life. You enjoy being married, and delight in the social and financial pleasures that accompany a fruitful union. Any arguments are short-lived. The only problem here could be that you're more likely to bend to your partner's will because of your preference for peace and harmony. You need to make sure that you stand up for your beliefs and work towards an equitable resolution to conflict. On the whole though you're happy, enjoying the give and take required in a committed marriage. You also like to arrange pleasurable outings for you and your loved one. It's not only your primary relationship that proves beneficial. Business partnerships are also fruitful. The planet Venus is considered to be

in a powerful position in the angular seventh house of a chart, meaning that you're likely to succeed in attracting a beneficial primary partner at some stage in your life.

The planet Venus is considered to be in a powerful position in the angular seventh house of a chart, meaning that you're likely to succeed in attracting a beneficial primary partner at some stage in your life.

### *Saturn is in the 7th House*

The planet Saturn placed in the seventh house of your birth chart suggests that partnerships are an important component of your life, and perhaps your profession. Marriage is a serious commitment, not to be entered into lightly as far as you're concerned. You seek a partner who, like yourself, is faithful and steady, and wanting to build a home and start a family. Depending on other influences in your chart you're likely to be cautious at all stages of your relationship and aren't one to be swayed by the first throes of love. It's likely that you'll consider your partner's actions carefully letting time pass before you decide whether or not they have the right qualities to attract your commitment. Your attitude could be off-putting to some potential partners, but you aren't overly concerned because you seek a long-lasting relationship. You may not marry at a young age. It's also possible that you marry someone from a different age group - someone younger who respects your values or someone older and able to appreciate your qualities. Your partner may own property, and be a respected member of the community. In some cases you may choose a partner who is too cold and stern, restricting your life and leading to some misery. However, it's also possible that you choose a partner who holds you in high esteem, but has difficulty demonstrating his or her affections. Either way it's unlikely that your partner is demonstrative.

### *Chiron is in the 7th House*

With Chiron in the 7th House of your birth chart you are likely to learn many lessons through your personal relationships. These lessons can be quite painful when you are young. As a child your parent's marriage might have adversely affected you. As you grow older your own partnerships may be hurtful, particularly if you feel rejected by someone you love. The benefit is that, as you grow older you also grow wiser. With this wisdom comes the ability to attract a positive spouse, someone who helps heal your past wounds. It is at this time that you find true joy and understanding through your own marriage.

### *Venus is in Pisces*

With Venus in the sign of Pisces you're sympathetic and understanding in your relationships, often letting your kind heart rule your head. You are charitable and like to help others, perhaps even choosing a career in which you take care of those less fortunate than yourself. You feel drawn to nurture the underdogs in society, which is an admirable intent as long as you're careful to ensure that your trusting nature isn't being taken advantage of. It's important that you constantly remind yourself of your own personal power. This helps you avoid any tendency to put yourself at risk or fall into a victim role. This is also true for your primary relationship. You're a kind and loving person, and need to make sure that you enter into a relationship with someone who appreciates

these qualities. Fortunately the planet Venus is honoured in the sign of Pisces. Therefore you're likely to eventually fair well in your primary relationship. With the right person you'll enjoy sharing inspirational activities with your partner, whether it be listening to beautiful music or visiting an art gallery, or taking a peaceful walk by the ocean.

### *Venus is Trine Jupiter*

"Lucky in love and money". This could be your personal motto because the favourable planets Jupiter and Venus are combining to shine good fortune on your relationships and finances. You're fun loving, generous and popular. With your sympathetic and kind nature, you've a talent for putting other people at their ease. You're optimistic and talented, full of joie de vivre. Therefore you're likely to be surrounded by supportive friends, and many potential life partners. You're seeking a relationship with someone who will expand your horizons, perhaps even joining your travels around the world. You love to share adventures, philosophies and goals. Other influences in your chart may indicate that you prefer to keep the home fires burning, but it's more likely that you seek adventure and romance with your partner.

### *Venus is Conjunct Saturn*

The planets Venus and Saturn have combined in your chart indicating that you're seeking commitment and security in your primary relationship. Positively speaking this can be a rewarding, long-term relationship with someone trustworthy and reliable. You're faithful and loyal, a dependable, stable and dutiful partner. You value a long-lasting relationship, and are willing to take your time in establishing a permanent partnership. As a young adult you may favour a traditional marital relationship, complete with a formal ceremony and traditional wedding vows. This could change later in adulthood, when you're more likely to consider commitment in other forms. You're likely to achieve your objective of a worthwhile, long-term relationship after careful consideration and planning. On the other hand if you're not careful you may become involved with someone who tries to control your movements and behaviour. Depending on other influences in your chart you may be shy and inhibited in your personal relationships, and be fearful of standing up for your rights. One of your parents may have been too strict, eroding your confidence and ability to make your own way in the world. Consequently you fear expressing yourself, particularly in intimate relationships, and harbour feelings of being unattractive. While your personal relationships may prove difficult you've the ability to form good business partnerships. This is probably because business partners don't require intimacy or emotional vulnerability, which you find frightening. It's also possible that you're attracted to someone much older or perhaps your primary partner is also your business partner. The good news is that once you overcome your feelings of inadequacy you've the ability to form secure and long-lasting relationships based on firm foundations.

### *Venus is Trine Neptune*

The planets Neptune and Venus are connected in your chart indicating that you yearn for romance in your primary relationship. Whether you realise it or not, you're seeking an ideal and perfect partner, who may only exist in fairy tales. If you're not careful you'll become disillusioned with the imperfections of relationships and seek solace in a fantasy world. You need to face the realities and imperfections of yourself and your partner as much as possible. This doesn't mean that you need to completely rule out romance and idyllic love. In fact it might help if you're able to escape with your loved one to a romantic setting, away from the demands of everyday life. Coming to terms with the reality of your relationship simply helps you obtain a better understanding of your primary relationship, and helps prevent you becoming disillusioned. In other words taking off the rose-coloured glasses means that you can make a proper assessment of your primary relationship. As a result you'll experience fewer feelings of resentment and disappointment because your partner fails to be perfect, and you won't be in danger of overlooking some major flaws such as drug addiction or deceit. With the right partner you'll enjoy a sense of peace and fulfillment. You may also enjoy artistic or spiritual pursuits together. You're ardent and loving, responding quickly to your partner's need. In turn you benefit from acts of

kindness, love and appreciation.

### *Venus is Opposite Uranus*

The planets Venus and Uranus are combining unfavourably in your chart indicating that you're restless and often lack commitment in your personal relationships. This can lead to disappointments and complications in love and marriage, particularly in your early adult life. It's also possible that your roving eye can lead to scandal. You're willful and often perceive your primary partnership as demanding too much time and effort, an obstacle to your freedom of self-expression. You seek spontaneity and intellectual stimulation from your primary relationship. Unless other influences contradict this aspect of your birth chart, commitment is not a major part of your vocabulary, and can be something that you tend to avoid, preferring to be "footloose and fancy free". This isn't to say that you don't have many offers. Quite the contrary. Your bright and magnetic personality attracts potential life partners like moths to a flame, but you prefer to keep your options open rather than be pinned down. Depending on other aspects in your chart you may be satisfied with a gypsy-like approach to relationships. You may also like intrigue and secrecy in your relationships, perhaps even taking part in a secret organisation. However, if other influences are calling for commitment and permanency in a primary partnership, then you need to choose a partner who is able to give you plenty of freedom. You're more suited to an unconventional relationship. You also need to learn to compromise, restrain some of your wilder urges, and enjoy your partner's unique contribution to your life. It's possible that the restless side of your nature is more prominent in relationships, which have formed through friendship or through fleeting attraction rather than through true love. With the right person, you're able to develop your talents and strengths in a positive and supportive relationship.
