Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

TRANSITING SATURN IN THE 4TH HOUSE - "The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have

long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When this serious planet moves into the 4th House of your Birth Chart it is time to make sure that the foundations of your life are built on firm ground. This could literally mean renovating your house, or more metaphorically, spending time with your family and loved ones. Either way you benefit from reflecting on your personal life with a view to building firmer foundations for the future.

TRANSITING URANUS IN THE 7TH HOUSE - Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. As Uranus casts its influence on the 7th House of partnerships, your relationship with your partner, either personal or business, becomes unpredictable. Either you or your partner may want to make changes. This can be upsetting or exciting depending on your attitude.

TRANSITING NEPTUNE IN THE 6TH HOUSE - The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.

TRANSITING PLUTO IN THE 4TH HOUSE - Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Café Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." Currently you may feel that the foundations of your life - family and home - are changing and it is difficult to find a firm foothold. In effect the foundations of your life, which you believed to be sure, are cracking. This can be exciting if you enjoy the challenge of change, but most often it is a time which leaves you feeling vulnerable. The areas most affected by this transit are your home and family members. It is a time of intensity and upheaval on the homefront. Family members may leave home or come to stay disrupting the comfortable routine. It is also possible that you change homes during this transit. Whatever the circumstances you are being asked to delve into your personal life with a view to changing at a deep level. You will not feel like the same person by the end of this period.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. TRANSITING PLUTO OPPOSITION RADIX SATURN - Life seems like hard work during this transit, leaving you often feeling tired, anxious and despondent. The problems seem to be piling up faster than you can deal with them. Others expect too much, and the authority figures in your life seem to be unreasonably rigid in their approach. Don't be too hard on yourself or others, try to take some time for rest and recreation, which will help to put your troubles into perspective. TRANSITING URANUS OPPOSITION RADIX MERCURY - Your communications with other people become unpredictable during this phase. You may also receive unexpected news. This can be an exciting time if you like surprises. However, if you prefer a more predictable life then you may find this phase difficult. As friends and colleagues challenge your way of thinking, you may feel the need to defend your views. You may even have rebellious moments. However, don't lose sight of other people's points of view. Your mind is working overtime at the moment and, although you may not realise it, you could be expressing your opinions rather forcefully. It is not a good time for impulsive decisions as you may lack your normal powers of rational thought. Your powers of concentration may also be challenged during this time. Your challenge is to remain open to new ideas, which are introduced during this period, the benefits of which will be clearer after the period. You may also feel start to take an interest in topics that wouldn't normally appeal to you such as astrology, metaphysics, science, politics, and environmental causes. Technology could both surprise and frustrate you. The more that you can remain open to new ideas, the more that you enjoy this time.

22 Nov 2018 and 19 Feb 2019 (27 Oct 2018 to 15 Mar 2019)

TRANSITING URANUS OPPOSITION RADIX URANUS - This is one of the most important times in your life. It is the astrological equivalent of the mid-life crisis, and occurs around the age of 40-42. It is a time when you start to feel restless and question your life. If you are the sort of person who has always been in charge of your own destiny, then you are likely to handle this transit with aplomb, making the necessary changes to enliven your life. You might reflect on your past achievements with a feeling of satisfaction, before moving on to different or

fresher pastures.

However, if you have lived your life trying to please other people rather than follow your own instincts, then it is likely that you will experience this transit as quite disturbing. You want to break out from restrictions and may act in ways that are quite out of character. You are likely to startle other people, and may even surprise yourself.

Basically this is a time of readjustment when you start to incorporate more spiritual values and when you orient your life towards your own inner feelings. The transition can be quite bumpy, as in some cases crises can occur as a result of the tension of this period. However, if you refuse to make the necessary changes in your life you may find that life becomes rather meaningless. On the other hand you must be careful not to throw out the baby with the bathwater as you seek new avenues for yourself. A balanced approach is required incorporating positive changes in your life in a considerate manner. This way you will benefit from the changes and feel liberated.

4 Dec 2018 (25 Nov 2018 to 13 Dec 2018)

TRANSITING SATURN SQUARE RADIX PLUTO - Right now you are like a butterfly emerging from your cocoon. This can be an exciting time or perhaps somewhat uncomfortable, depending on how adaptable you are. Either way you are required to move out of your comfort zone and embrace change. As a result you may take a deep look at yourself and those around you. Your opinions may change. Familiar structures and people may surprise you by rearranging and therefore affecting your life. You may feel as though you are stepping into unknown territory, and this can be frightening or exciting. Take comfort from the thought that by the end of this period you will have been stripped of a lot of excess baggage, which can be actually quite rejuvenating. It is important not to take other people for granted during this period. You can be pro-active in improving your life, making the necessary rearrangements and transforming what you need to.

14 Dec 2018 (10 Dec 2018 to 19 Dec 2018)

TRANSITING JUPITER SQUARE RADIX JUPITER - Progress can occur in certain areas of your life, and you generally move forward during this cycle. Growth often happens due to increased restlessness and an inability to accept things for how they are. Sometimes you advance due to conflict or resistance rather than an unobstructed path. You may encounter situations that challenge your belief in yourself and what you consider to be right. If you uphold what is in your best interest, then you likely will prevail despite any ordeals. Promoting what is selfish or self-serving may make it more difficult to achieve the results that you seek. This can be a time during which you feel optimistic and confident. You are likely to be enthusiastic about one or more areas of your life. On the whole your positivity is well-placed, however; you do need to make sure that you exercise some caution. It is time to listen to the "still small voice" that is in your head. Ask yourself if you are really capable of delivering all that you promise. Also ask yourself if others are capable of delivering on their promises. Listen to any small warning signals. This does not mean that you have to abandon your optimism, but rather that you need to make sure that all of the details are adhered to. Maintaining a positive outlook despite any setbacks can

assist in attaining the goals that you seek and experience is invaluable. Nevertheless don't forget to look before you leap. It is important to slow down and use some old-fashioned common sense before you take up opportunities that are coming your way right now.

TRANSITING JUPITER CONJUNCTION RADIX NEPTUNE - This is a time of heightened intuition during which you feel tempted to explore a more spiritual or artistic side of life. Even if religions have never before seemed inviting, you may now start to ponder the meaning of life and explore different religious avenues. You may be tempted to go on some sort of spiritual quest. However, one of the problems with this transit can be that you are seeing everything through rose-tinted glasses. In other words you may be vulnerable to the charlatans of the world as you are extraordinarily sensitive during this transit. You may also feel the urge to take on some charity work. While this can be a beneficial act, you need to beware of wasting your energy on people who do not want to be helped, but would prefer to remain victims of society. Also beware of being lured into the world of addiction through drugs of any kind. You would do better to explore spiritual pursuits, metaphysical subjects, or latent artistic talents without entering schemes that could have long-term ramifications.

TRANSITING SATURN OPPOSITION RADIX SATURN - This is a time of reckoning. Slowly, but surely, the structure of your life changes. This is one of those times when you are forced to live with the consequences of past decisions. In particular you may like to reflect on events in your life about 15 years ago. The seeds sown during the past now come to fruition. This can be a positive time when you reap the rewards of your previous commitments. Alternatively it can be a difficult time if you have invested in unfruitful people or projects. Either way it is time to tackle situations with patience and integrity. If you are reaping rewards, there are extra responsibilities. If you are experiencing difficulties from past actions, you have to work hard to put things to right. Either way you need to rise to the challenge and face the truth. Otherwise you are likely to find this period more difficult than it needs to be. Slowly you realize that you need to shoulder your own responsibilities, however; you may also notice that other people or events seem to be holding you back from achieving your own purpose. Even though you may sometimes feel that others are blocking your path you need to tackle personal and business relationships with integrity. It is time to let go of past grievances and work towards a more positive association. The more that you can face and let go of the past, the more you will pave the way for a more stable future. A sense of humour, although difficult to find right now, can go a long way to alleviating the heavy nature of this time.

This is a painful process, but one that ultimately leads to a more honest relationship, particularly if you can face your own wounds honestly. The changes in your own attitude to your relationship and within your relations prove very healing. If you are not already in a relationship, you may

There is a spiritual purpose and you may benefit from meditation or prayer. You may also feel an urge to spend more time in nature, art galleries or at the theatre. It is a good time for meditation, quiet reflection, or a compassionate cause. Outdoor water sports may also hold some appeal encouraging you to keep fit while enjoying lakes, oceans and rivers. TRANSITING SATURN OPPOSITION RADIX SATURN - This is a time of reckoning. Slowly, but surely, the structure of your life changes. This is one of those times when you are forced to live with the consequences of past decisions. In particular you may like to reflect on events in your life about 15 years ago. The seeds sown during the past now come to fruition. This can be a positive time when you reap the rewards of your previous commitments. Alternatively it can be a difficult time if you have invested in unfruitful people or projects. Either way it is time to tackle situations with patience and integrity. If you are reaping rewards, there are extra responsibilities. If you are experiencing difficulties from past actions, you have to work hard to put things to right. Either way you need to rise to the challenge and face the truth. Otherwise you are likely to find this period more difficult than it needs to be. Slowly you realize that you need to shoulder your own responsibilities, however; you may also notice that other people or events seem to be holding you back from achieving your own purpose. Even though you may sometimes feel that others are blocking your path you need to tackle personal and business relationships with integrity. It is time to let go of past grievances and work towards a more positive association. The more that you can face and let go of the past, the more you will pave the way for a more stable future. A sense of humour, although difficult to find right now, can go a long way to alleviating the heavy nature of this time.

TRANSITING CHIRON SQUARE RADIX MIDHEAVEN - It is time to make changes in your career and life direction, letting go of any career aspirations which have become redundant. This could mean a simple change of job, which is still linked with your chosen profession, or it could involve a more encompassing change of direction. TRANSITING CHIRON OPPOSITION RADIX ASCENDANT - This is a time of pain and of healing in your most intimate relationship. Your partner may consciously or sub-consciously cause you pain during this time, through their actions or expectations. As a result you are prompted to delve deeply within yourself to heal past wounds which have stood in the way of intimacy. This is a painful process, but one that ultimately leads to a more

honest relationship, particularly if you can face your own wounds honestly. The changes in your own attitude to your relationship and within your relations prove very healing. If you are not already in a relationship, you may meet someone who will play an important role in your life. They may take on the role of teacher or healer in your life. This can also be a time when your own counselling skills are highlighted.
