Introduction

Questions about relationships, and marriage, loom large in the minds of most people visiting an astrologer. In today's world the word "relationship" is relatively straightforward, meaning someone with whom we would like to share my life in an intimate fashion. However, the word "marriage" conjures a different meaning for many people. Some are talking about a marriage in which a religious or civil ceremony is performed, a commitment sanctioned by their friends, family, church or state. Others are meaning a defacto live-in partnership and others may have a looser interpretation of the word.

This report does not, intentionally, take a specific view on marriage, but astrology does have clear indicators that can help when choosing a partner. If you are interested in dating, already involved with someone or simply curious, then this report is for you. Hopefully the Star Match Maker report will be reassuring and supportive of your own feelings and thoughts. However, astrology often opens a doorway to the truth, and this can be uncomfortable if we have been creating fantasies in our own minds. As such please do read this report and enjoy, and seek further counsel if you feel that it conflicts with your own truth.

In astrology, at least this form of astrology, this report is assessing whether or not a relationship is marriage material i.e. whether or not two people are likely to be successful in forming a lasting union, sanctioned in some fashion by the church or law of the land, if they so choose. This report is based on the work of Sepharial, a well-known and respected astrologer in the late 19th and early 20th century. Sepharial says in his work that marriage is not cohabitation. *"Marriage, in the astrological sense, is only affected by a contract which is binding upon the parties who are signatory thereto"*.

Please note that this report is intended as a guide only. Responsibility for decisions and outcomes, as always, lie with individual choice. Destiny is said to play a part in marriage, but so too is character. Hence this report outlines the character of each individual in a brief manner, and assesses whether or not a person and their partner is pre-dispossessed to have harmonious marriage contracts or not. It also outlines whether or not the person and their partner have elements that blend well or not. Many factors contribute to the success, or otherwise, of a committed relationship. This report is outlining some of the basics, whether harmonising or otherwise. Other influences in your astrology chart may negate or enhance some of the factors stated in this report.

Sepharial says: *"...It is also stated that the soul in man takes upon itself the characteristics of the body, as light takes upon itself the colour of the medium through which it passes, or as water takes the shape of the vessel into which it is poured; and it is this particular colouration of the soul which astrology seeks to define."*

Marriage Indicators

Favourable For Marriage

An Astrology Birth Chart, or Horoscope, shows your destiny. As the saying goes, it is written in the stars. Therefore when we are born certain events and people are fated. How we respond and what we choose is self-determined, but fate certainly plays a hand. As such an Astrology Chart shows whether or not relationships are favoured, or difficult. Of course, in our hearts, we know the truth, but sometimes we are attached to a certain outcome, or our emotional wounds dictate to our good sense. This is when astrology, and other forms of guidance, can play a helpful role. This report outlines some of the basic tenets and scores your likelihood of enjoying harmonious and life-enhancing marriage contracts. Relationships are not always easily measurable, and therefore this report is meant as a guide rather than a definitive answer. If it has the ring of truth then you are likely to recognise and acknowledge your own truth. Herein lays the strength of such reports. Traditional Astrologers state that you can choose to live in a defacto relationship, as an alternative to a formal marriage contract. This may be, according to certain astrological schools of thought, a sensible approach to an otherwise challenging area of your life. However, this section depicts the strengths and positive signposts, rather than the challenges. Here you can see your chances of conjugal bliss.

Brad's Marriage Prospects

Brad Has No Favourable Planets

The report shows that no favourable planets reside in the marriage sector of your Astrology Chart. This does not mean that a marriage cannot be entered into as this report is limited in its interpretation of your full Birth Chart. It is a basic human need to want a friend and companion to share life's ups and downs. You may still wish to find a special someone to share your triumphs and offer consolation in troubled times. Indeed you are able to do so. The degree to which you are willing to adapt and compromise and work at marriage is reflected in other areas of your chart, and therefore your nature. The fact that the five main positive planets do not reside in the marriage sector of your Birth Chart may mean that you are more appreciative of your spouse when

marriage does occur. Complacency is something that you avoid and therefore your union flourishes. It may also mean that other areas of your life take precedence or there may be other favourable astrological marriage indicators. You may be the type of person who is happy to focus on your career or friends, preferring to enjoy the freedom that a single life can offer. This is a choice that you can happily make. On the other hand you are reading this report which indicates that you are ready to broach the subject of marriage, at the very least. There is also an argument that says that when you are young you are likely to enter blithely into marriage not fully realising the extent to which compromise is required. As you mature your wisdom, gained from personal experience, stands you in good stead in your union, or should you have divorced and are ready to make another commitment. Other astrological factors may influence your marital sector, and also you may like to see if there are any unfavourable influences, or consult an Astrologer who may see the other positive influences. You may also enjoy obtaining a more comprehensive Birth Chart report to read the full influences of the stars on your marriage prospects.

Your Partner Jennifer's Marriage Prospects

Jennifer Has No Favourable Planets

This report indicates that no favourable planets reside in the marriage sector of Jennifer's Astrology Chart. This does not mean that a marriage cannot be entered into, but asks that you explore this topic further. It may mean that other areas of Jennifer's life take precedence, or perhaps there are some contrary influences which support a cautionary approach to marriage. In the modern times of instant gratification, it may seem difficult to take things slowly, but this is wise in certain cases. It is also possible that there are other influences in Jennifer's Birth Chart that encourage a marriage union. Personal commitment to relationships in general may be reflected in other sectors of your partner's Birth Chart. As such her diligence within marriage may more than make up for a lack of planets residing in the marriage sector. Jennifer may be committed to communication and tending any relationship because of her own personal traits. A lack of complacency is to be commended and recommended for the success of any long-term relationship. There is also an argument that says that when your partner was young she may have blithely entered marriage not fully realising the extent to which compromise was required. As she matured wisdom, gained from personal experience, proves invaluable for the union, or stands her in good stead to make informed marital choices should she have divorced and wish to make such a commitment again. Other astrological factors may influence your marital sector, and also you may like to see if there are any unfavourable influences, or consult an Astrologer who may see the other positive influences. By reading this report you are currently gaining valuable information about the influences on your partner's attitudes to and behaviour in partnership. You may see this as a starting point and might like to consult an Astrologer or a more comprehensive Birth Chart report to read the full influences of the stars on your marriage prospects.

Marriage Indicators

Contrary for Marriage

Nothing in life is straightforward. Our journey through our lives on this planet take twists and turns, just as any journey does. We start out with certain expectations, with a destination in mind and a plan. Sometimes these all turn out as predicted in our own minds. More often they do not. Either way the experiences encountered along the way enrich our lives, carving deeper understanding and empathy for our fellow human beings. In the same way astrology indicates that your most intimate relationships are unlikely to be straightforward. You may have very favourable marriage indicators, or contrary ones, or a mixture of both. These are simply signposts to help you along your relationship journey, to help you see the path more clearly. If you have a full quota of favourable indicators then you can enjoy a harmonious marriage. However, you may have a mix of both favourable and unfavourable. This means that you need to work at your marriage before complete harmony can be enjoyed. If you have mostly “unfavourable” indicators then marriage is certainly more than a challenge. You may choose to remain single, happily so. Alternatively you may choose carefully and wisely, perhaps living separately, or choosing not to sign an official religious or legal contract. If you enter into a defacto arrangement, then you would be wise to seek legal counsel and ensure that your assets are protected. Seeking the advice of a professional astrology may also shed light on other aspects of your birth chart that alleviate any contrary comments mentioned in this report. This report shows only a segment of the entire horoscope picture.

Many relationships that have had contrary indicators have survived as individuals within the couple maintain a strong sense of love and friendship. Others more favourably indicated have failed as adversity challenges them as individuals and the love, respect and friendship falters. Fate may bring us together but the choice of which bond to form, which path to follow and the nature of the relationship is ours.

As Sepharial says: *“All Nature springs forth in its due season and bears its leaf and flower and fruits, and having fruited, it begins to die down to its root. In marriage relations if that root be a spiritual and intellectual friendship*

finding continual expression in sympathy and understanding, then without doubt it will outlive the varied assaults of any misfortunes that may happen. But without this grappling hook of tried friendship the connubial ship is almost sure to drift and by sad fate may be broken on the rocks."

Brad's Marriage Challenges

Brad Has No Contrary Planets

The pathway to marriage and true love is clear as no contrary planets reside in the marriage sector of your Astrology Chart. This can be a very positive sign that highlights your other relationship strengths. However, you also need to note whether or not positive influences are present. If you have no favourable planets in this sector, then this could mean one of several things. You could be happy living a single life, focussed on your own goals rather than on conjugal bliss. On the other hand you may marry and together you and your spouse share common goals. Independence features in your marital commitment. If you are married you need to ensure that you do not take your partner for granted. If you choose to marry, then you also need to tend to your union in much the same way that you tend to other areas of your life. Other areas of your life may take precedence from time to time, but you need to ensure that you are not neglecting your marital vows. If you would rather not marry then this is a viable choice, enabling you to focus on your career, or other independent pursuits. You may prefer the freedom that a single life can offer. However, it does clear the way for a positive marriage contract if you have favourable planets in your marriage sector. You are also likely to be sensitive to the influences of your proposed, or chosen, partner. The fact that you are reading this report which indicates that you are ready to broach the subject of marriage, at the very least. Therefore you may like to see if there are any favourable influences, or consult an Astrologer or a more comprehensive Birth Chart report to read the full influences of the stars on your marriage prospects.

Your Partner Jennifer's Marriage Challenges

Jennifer Has No Contrary Planets

No contrary planets reside in the marriage sector of your partner's Astrology Chart. This is a positive indicator of a clear path to marital happiness, particularly if your partner has favourable influences. It may also mean that other areas of your partner's life take precedence. For instance your partner may focus on career or other independent pursuits. Jennifer may the freedom that a single life can offer. Nevertheless if Jennifer also has favourable indicators then you are likely to enjoy a union that offers both support in troubled times and joyful companionship in happy moments. As long as Jennifer is committed to her vows and willing to tend to this union then you are both on the right path. This union may need a little effort to ensure that love blossoms and marriage thrives. As American journalist Mignon McLaughlin says: *"A successful marriage requires falling in love many times, always with the same person."* You and your partner, Jennifer, have few obstacles to achieving this goal if it is what you both want. If you are in agreement that this is a coupling of consequence then other sections of this report can show you the strengths on this union, on which you can build a lasting bond. You can also consult an Astrologer or a more comprehensive Birth Chart report to read the full influences of the stars on your marriage prospects.

Sun And Moon Key Harmonising Factors

Romance is written in the stars, but the path to true love doesn't always run smoothly. Knowing the harmonising factors in your own and your partner's astrology can help you make decisions that ensure success in marriage. Astrologers know the secrets to the harmonising influences and cycles that make marriage work and one of the keys to this is consideration of the harmonious aspects between each person's Sun and Moon. These personal planets are key factors in basic personality traits. Therefore it is important that each person has a rapport with their partner, particularly if you are considering a commitment in marriage. In this report we shed some light on the hidden forces at play in your romantic destiny. This section only represents a small part of your relationship story. Nevertheless it is an important one, as understanding your own and your partner's personal needs, preferences and personality traits can deepen your love. As the two of you gain a better appreciation of each other's personalities, your relationship can grow in a way that promotes love, commitment and togetherness. This report gives an astrological marriage score, but the choice and the commitment ultimately come from both of you.

Brad's Sun is in Fire and Jennifer's Sun is in Air

Our Sun Sign is a personal statement about how we express ourselves and hence it is an important factor to consider in marriage. How many times have you seen friends or colleagues behave differently when on their own in stark contrast to when they are with their partner? Perhaps you have also experienced this in the past yourself? It is important that two people make a greater whole, rather than squash each other's individuality. The good news is that you have found someone who is on the same wavelength as yourself, someone likely to encourage the very best in you because they totally understand you. From the moment you meet, you and Jennifer are likely to feel an instant rapport, feeling easy about expressing yourselves in this relationship. The realm of ideas is a strong binding factor in your relationship. This is a harmonious combination with one of you having your Sun in a Fire Sign and one with the Sun in an Air Sign. Astrologers label both of these Signs as Masculine, meaning that they share qualities of initiative, drive and sharp focus. The Masculine Signs are Aries, Leo, Sagittarius, Gemini, Libra and Aquarius. In this case you enjoy lively conversations, stimulating activities and perhaps a common subject of interest. You both like to express your opinion, and understand and easily tolerate each other's differences. One of you may be a better leader and the other a follower, but you know that you are equal partners. Although you are not always in total agreement, you know how to compromise, when to give and when to take. For this reason you can enjoy a happy and enjoyable marriage.

Brad's Moon is in Feminine and Jennifer's Moon is in Masculine

This is a challenging combination in an intimate relationship because your basic needs are clashing. One of you is seeking independence, freedom and excitement. The other is seeking togetherness, security and comfort. At times you are likely to feel thwarted by your partner's needs. You may have shared a strong attraction, in the way that opposites attract, but tensions are likely to arise after the initial attraction wanes unless you have a very mature understanding of each other's needs and a willingness to give each what you need. Your partner, Jennifer, seeks passion, and craves the freedom to experience new emotions. Jennifer wants to expand and grow, and is likely to feel that this relationship is an obstacle to achieving their goals if you stand in her way. Alternatively she is likely to feel loved and supported when her need for freedom is being encouraged. If you have the ability to put your own needs to one side, without being a martyr, to support Jennifer then all will be well. It is important to note that your partner is repelled by neediness. On the other hand you may genuinely need something different and be unwilling to compromise. You seek security in any intimate relationship, and while you are a naturally caring person, you may feel threatened and unstable by the changes constantly being foisted on you within this relationship. It is important that you are sure before proceeding with this union. If this relationship gets to the point where one of you feels frustrated and the other feels resentful then you need to communicate honestly. Of course compromises can be sought and achieved, but this is a challenging combination and requires commitment to understand and work with opposing forces. Opposites attract and so other complimentary forces in your astrology will highlight the attraction and the willingness to move forward together.

Brad's Sun is in Fire and Jennifer's Moon is in Fire

The course of an intimate relationship runs a lot more smoothly when both people are on the same wavelength. Of course commitment is still required, but it is a lot easier when two people are in tune with each other. The elements of a person are similar to those in Mother Nature or Gaia. Fire sparks Fire to make a bigger, more spectacular Fire show. Water joins with Water to spread from a small creek to an ocean brimming with even more aquatic delights. So it goes on. It is similar in relationships. When two similar elements combine, the two people concerned are working together to create a beautiful partnership. When two opposing elements combine then challenges arise. Water can douse a Fire. Alternately Air can fan Fire. Hence the elements either aid or obstruct each other. In the same way two people, when combining, can either aid or obstruct each other. Fortunately this is a positive combination indicating that you are a potent couple, enjoying each other's company and working together harmoniously. The Sun and Moon are both considered to be personal planets and yours are joined together in compatible Zodiac Fire Signs. Therefore you share a mutual attraction. You recognise and like similar traits in each other, in particular passion, drive and independence. As a couple you are a force to be reckoned with. You are go-getters. Together you explore new territory. This could be a new café, cinema or sporting group in your neighbourhood or perhaps travelling abroad. It doesn't matter, because you enjoy the explorations. You are easily able to accommodate each other's wishes in this relationship. One of you leads and the other happily follows and then you change roles. Occasionally the fiery Sun might dominate the accommodating Moon but this is simply accepted as being a natural occurrence, and doesn't last for long. You can relax, knowing that you have shared goals and each other's interests in mind, because they are so similar.

This combination can indicate two people who are attracted but whose differences become obstacles to personal happiness. With commitment you can work through your differences, but you both need to be certain that this is what you want. Are there enough other strong elements of compatibility in your natures, and your Horoscopes to warrant the leap of faith and the compromise that this relationship needs? If so then this influence is not as strong and you can rely on the strength of your bond. Nevertheless you need to work harder than some others to ensure that you fully understand each other's needs and desires. You need to learn about each other so that you can support each other. In particular, Brad is more likely to be passive, seeking security and comfort, whereas Jennifer is more outgoing. Brad needs to support Jennifer's need for freedom and her desire to shine in society. In return Jennifer needs to understand Brad's need to retreat into obscurity from time to time. With a little give and take this can be a strong bond.

Score 3:

Congratulations you have scored 3 out of a possible score of 8 and are on your way to enjoying a compatible and successful union. A little compromise may be required at times but you enjoy each other's company and are keen to work through any differences. Look at where you have scored and build on this and you can enjoy a compatible union. A little compromise will be required at times if you are to keep the flame of your love alive, but unless you have other opposing aspects in your Horoscopes, you have a good basis for a positive relationship. It is more likely that you have other supportive indicators for marriage because you are reading this report.

Venus and Mars – The Spark

Compatibility in marriage is important. Long before a marriage contract is signed two people meet and a spark is ignited. This spark can be named love, sexual attraction, hormones or any other name. Nevertheless this spark has the power to either gently nudge, gradually tip or catapult a relationship from a friendship into the realm of romance, love, and sometimes lust.

Shared sensuality is a wonderful experience but it is not enough on its own to form the basis of a lasting union. This section will help you distinguish the nature of the attraction. Other sections of this report will help you to discern whether or not you have the basis for a long-term union.

As in popular culture the planets Venus and Mars really do depict the attractor factor. Whether this relationship has started as a friendship or not, sexual attraction is the spark that must have raised the question of commitment, and therefore marriage. This section depicts the nature of the spark that has enticed you to read this report. This Star MatchMaker report is for lovers rather than friends. Do you and your partner have that inexplicable spark that brings two people together, or is the attraction one-sided? If you are already sure of the nature of your intended union, then while not enough to hold a marriage together on its own, shared sexual pleasure is often a healing and uplifting source of joy.

This report will also help you understand your sexual union which is integral to marriage. Once the spark of sexual attraction has dimmed then other harmonising factors play their part. This section whets your appetite with some hints about your compatibility between the sheets.

Brad's Venus is in Feminine and Jennifer's Venus is in Masculine

Have you heard of Clotho, Lachesis and Atropos? They are The Fates from ancient mythology. Clotho spins the thread of human life, Lachesis measures the thread and Atropos end the life of each mortal by cutting the thread. Together they were the goddesses of fate who personified the inescapable destiny of man. They assigned to every person his or her fate or share in the scheme of things. Clearly The Fates have brought you together or you would not be reading this report. However, destiny also signals that you need a stronger

connection than this one to maintain a long and lasting relationship. If an attraction exists then this journey is a little fraught as you explore this relationship from the initial stages of friendship along the path to deeper commitment. In other words the pathway to the bedroom is not strewn with rose petals. Rather there is a rocky road. This is because you have different values when it comes to love. Your partner, Jennifer, has the planet of love in an astrology sign that demands stimulation, excitement and adventure in any love relationship. On the other hand you have a preference for peace, comfort and harmony. Therefore your partner could easily become bored by too much peace and quiet and you quickly become agitated by too much excitement. A balance is needed. You both need to develop good communication skills and a sound understanding of each other's needs. If you can see each other's viewpoints then you can progress more smoothly in this relationship. Jennifer needs to curb her impatience and you need to assert yourself in a loving way. In other words you need to learn your partner's language of love in order to overcome any obstacles to true love.

Brad's Mars is in Earth and Jennifer's Mars is in Water

You have a common need for security. If you are considering exploring the sexual attraction implicit in this relationship, then your prime goal is feeling safe. Brad is likely to be seeking practical indications of comfort such as shared values, sufficient monetary resources and the ability to share a workload. On the other hand Jennifer is more focussed on feelings, each other's ability to talk about and listen to emotional issues. Together you enjoy slowly and surely moving forward and exploring the spark that exists. Of course you may decide to remain friends or colleagues rather than move this union into the bedroom. Nevertheless there is likely to be a spark of attraction and a choice about whether to fan the spark or simply enjoy each other's company.

Brad's Venus is in Earth and Jennifer's Mars is in Water

Love and sex are aspects of life that intrigue, and perhaps even obsess many people. The media overflows with information about these topics. While other planets can reveal personality compatibility, in astrology the planets Venus and Mars reveal some of the secrets of our sexual compatibility. Soul mates are not necessarily bed mates. Therefore astrologers look at the planets Venus and Mars for vital information about love and sexuality. Not only can the marrying of the planets Venus and Mars reveal whether or not this is a love match, it can also give handy hints on how to approach your partner when you are not a perfect match in the bedroom. In your case your Venus is in an Earth Sign indicating that you are a very sensual person and enjoy the physical comfort of an intimate relationship. Your partner, Jennifer, tends to seek emotional comfort through sex. While your approach is more sensual and physical, and Jennifer's more emotional, you are both in agreement that a loving sexual relationship offers security. When you feel safe in each other's arms, then you are satisfied at a deep level. This is where you can build a close bond that augurs well for other areas of your relationship.

Brad's Mars is in Feminine and Jennifer's Venus is in Masculine

This is a challenging courtship. Sparks may ignite at the beginning of your relationship, but it is a challenge to keep the flames alight. You need other strong harmonising factors in order to sustain your love. You do not set out to upset each other. It is simply that difficulties arise in this love affair, prior to marriage. They are likely to continue into the union unless you can find a way to resolve your differences in the bedroom. It is important that you face facts and work on resolving the misunderstandings and disappointments that arise in order to have hope of a successful union. Pretending that problems don't exist will only make matters worse. The good news is that there is a frisson of attraction and where there is smoke there can definitely be fire. If you are both committed then this spark can be flamed. If you are happy to do so then you may chose to remain as close friends rather than lovers. Many a lifelong friendship has resulted from a love affair ended amicably.

Score 2:

This section scores your compatibility in connection to love and relationship values. In particular it pertains to passion and sexuality, a key ingredient to both sparking, and helping maintain a marriage. Congratulations you

have scored 2 out of a possible score of 8 and are well on your way to enjoying a compatible and successful union. On the whole you are in agreement as to how your relationship should be approached both in and out of the bedroom. You now have some valuable information about how each of you likes to approach love and sex. As English philosopher and statesman Sir Francis Bacon once said, "Knowledge is power". You now have the power to gain greater understanding of this union.

Conclusion

No two people are alike. The same can be said for relationships. This report has outlined some of the main factors in determining the most favourable ingredients for a successful relationship. However, it is only an indicator and cannot possibly cover the full gamut of each individual's relationship traits, or each couple's strengths and weaknesses. Free will also comes into play. The most challenging relationships can often attract the most determined individuals, both committed to and succeeding in a lifelong bond. You have probably heard the saying *"Women are from Venus, Men are from Mars"*. In astrology a man's Mars joining with a woman's Venus or Sun is indeed a powerful statement of attraction. Many a couple has stayed together based on an initial attraction, whether or not this ultimately makes them both happy. In short there are many more intricate and well researched astrological aspects that can shed more light on this important area of life. This report is meant a guide to help you understand your own strengths and weaknesses when it comes to the arena of marriage, as well as an indicator of some of the factors in your partnership.

Whether you and your partner have scored well, or to the contrary, in this report is in an indicator but not the conclusion. Relationships, like many areas of life, need tending. The degree to which you and your partner are willing to actively work at your union plays a large part in your success as a couple. Complacency is the enemy of all committed relationships. On the other hand your own ability to adapt, compromise and continually keep the doors of communication open can combat complacency and overcome all obstacles.

The inspiration for this report was the eminent astrologer Sepharial, so it is appropriate for him to have the last word: *"True marriage is grounded in a deep sympathy and understanding which has no self ends to serve and no desire to satisfy that is not mutual.... All Nature springs forth in its due season and bears its leaf and flower and fruit, and having fruited, it begins to die down to its root. In marriage relations if that root be spiritual and intellectual friendship finding continual expression in sympathy and understanding, then without doubt it will outlive the varied assaults of any misfortunes that may happen."*
