This report is titled the "Destiny and Decisions Forecast" because there is an element of the future that you cannot change; this is your destiny. But you also have choices and options available to you; these are your decisions.

This report predicts where the planets are in the current time period, when they will be forming aspects to your natal planets, what influences these aspects bring, and how long they will last--as far into the future as you wish to look. THIS is truly PREDICTIVE ASTROLOGY!

Our report goes beyond the limitations of most astrological forecast reports in two very important ways: (1) we go into a much more detailed interpretation for the heavier aspects that could have a greater impact on your life, and (2) we include some suggestions for you to consider regarding how you may deal with the influences. This should eliminate the need for further counseling in most cases.

Your forecast begins on the next page. If the time period for an interpretation is, for example, given as "July 1, 1999 (June 15, 1999 to July 15, 1999)", then it starts in mid-June, reaches greatest intensity around July 1, and ends in mid-July. The first date listed is the time when the influence has reached maximum strength.

An influence may last for as little as a week to as long as half a year or so.

To obtain maximum benefit from this report, we recommend a periodic study and review of the information as the time period unfolds--once a week, at least, and more often when there are significant things going on in your life. It is always good to keep a diary or a journal to get a sense of the timing of the transits and a history of how they affected your life.

Following is the data from your natal chart with which the transiting planets form aspects:

**TRANSITING MERCURY IN THE TWELFTH HOUSE--**Transiting Mercury in the houses deals with the practical affairs that occupy your mind and shows what areas of activity will be influenced by your thoughts and communications. In the twelfth house, your thinking is strongly influenced by unconscious memories and past experiences. You may have a tendency to make decisions based on feelings, since many impressions filter up from the subconscious. You will be secretive at this time about your inner thoughts, and you may be shy about saying what you really think. You may gain much knowledge from intuition or psychic ability. Avoid fixating on past experiences not relevant to the present lest it lead to neurotic tendencies.

♇ □ ♄

**TRANSITING PLUTO SQUARE NATAL URANUS--**This aspect indicates a time of change and possible upheaval in your life. These changes will be from outside influences, such as the society, a family business, extended family, or possibly of even unrecognizable origin. The major challenge for you during this time is learning to adapt to these changes in the world around you. You could begin by participating in them when you recognize where they are coming from, or you could just learn to "ride with the punches". On the other hand, instead of reacting to the changes or accepting them, you could become the agent of change yourself, where your influence could regenerate your portion of the world around you. One of the risks here is the temptation to throw out everything, not limiting it to just that which needs to be changed. Also, these two planets in their lower influences can produce fanaticism, and the human feelings could be neglected. Most changes will be for your best benefit, but they will also affect the people around you, and Pluto's influences must be used for the good of all.

♂ 3rd H.

TRANSITING MARS IN THE THIRD HOUSE--Mars transiting the houses influences the areas of life in which you express your actions and desires, and where you need to use energy and initiative in order to get results. In three, it deals with intellect and indicates quick thinking in emergency situations. During this transit you will assert yourself aggressively in order to get your communications across--you will be direct and can be caustic. You can be impulsive in daily movements and in short-distance traveling. You may be tempted to drive carelessly now--patience is not related to this position. You need to avoid sarcasm and argumentative tendencies, especially now.

(18 Nov 2018 to 9 Dec 2018)

☉ 12th H.

TRANSITING SUN IN THE TWELFTH HOUSE--When the Sun transits this house of your Natal chart, it will influence the departments of life most strongly affected by the individual will and power potential. In the twelfth house, it indicates a time when your personality may become somewhat retiring. Your will may be directed inward, exploring the resources of your own subconscious. Because of this, you could be lonely and withdrawn. Psychology and psychic research are likely to interest you, and you may find your best self-expression through working in psychiatric hospitals or places established for mental or spiritual retreats. Service to others can provide you with recognition and fulfillment. You need to work to overcome shyness and possible neurotic tendencies during this time.

23 Nov 2018

(13 Nov 2018 to 2 Dec 2018)

♄ □ Mc

TRANSITING SATURN SQUARE THE NATAL MIDHEAVEN--During this transit you could have many life choices to make. They will involve career, your personal life, and working with other people. There is some influence towards feelings of alienation, of being cut off from others, during this transit. Fears of your own inadequacies may distort your perspective, but if you have neglected personal relationships in your life, you need to realize that you cannot go on forever without supportive emotional relationships. In another area, the aspect can test your choice of goals and force you to examine whether they are valid

for you. If you have not actually set any goals, or if you find your heart is not really in any of those you are pursuing, you need to make adjustments and chart another course of action. If so, now is the time to change. It may not be pleasant, but it is possible.

The demands of the ego will be less and your spiritual growth can take great leaps. However, you need to keep yourself well grounded, as Neptune can be the great deceiver and everything may not be as it seems. Seek guidance through positive prayer and spiritual meditation.

28 Nov 2018 12 PM (28 Nov 2018 to 29 Nov 2018)

♃ ♅ ♃

It can be positive and/or confusing, but it does allow you to express ideas and feelings that you normally could not. However, you need to be aware that others may not always understand what you are saying. Their understanding may not be tuned to the level of imagination and inspiration that you are trying to convey. The great power of your imagination under this transit can produce brilliant inspiration for artistic expression, but you must try to keep it practical and within reason. You will be encouraged to pursue studies of psychic interests, and could have breakthroughs in spiritual understanding. Beware of illusions and fantasies, and keep well grounded spiritually.

You can work well with others during this time, but you will also be assertive and self-confident in your own right. However, others will not be threatened by your ego, and it is good to work in cooperation with them. It is not a good time to strike out alone and on your own. 6 Dec 2018 1 PM (6 Dec 2018 to 7 Dec 2018)

☉ □ ♀

TRANSITING SUN SQUARE NATAL VENUS--This is not a typical square aspect, since it can be quite pleasant and easy to handle. The transit can make you very passive, but you may also feel very loving and affectionate to all those around you. There is the possibility of a new (or renewed) love relationship. If you do feel like doing any work, it will most likely be creative, as with arts or crafts. Since square aspects often produce obstacles and/or challenges to overcome, be prepared. Deal with what needs attention. You will prefer to avoid anything unpleasant, but if you let it go without facing up to it, you will be sorry later. You will tend to avoid conflict, and will seek out pleasure, beauty, love and harmony instead. You will have all the inner strength you need to handle whatever comes, so deal with it. Also on the negative side, you could crave excessive self-gratification and could pursue it in unhealthy ways--even at the expense of a loved one. Avoid spending money on foolish whims. Moderation is the keyword.

♂ ♃ ♀

TRANSITING MARS OPPOSITE NATAL VENUS--This aspect is almost sure to increase sexual desire. All aspects between these two planets affect sexual relationships, and in this one, the Mars influences could make it aggressively demanding. Suppression could make you irritable, but be sure that you do not allow yourself to become obsessive or physically aggressive. However, if the partner is in the same frame of mind it can be fantastic. Artistic expression can sublimate these desires. Artistic work done while this aspect is in force could be very powerful and unique, which will speak to the observer with a very special quality.

**TRANSITING SUN CONJUNCT THE NATAL ASCENDANT**--This conjunction in the Natal chart usually indicates a strong body and strong constitution, giving you energy, good health and marvelous recuperative powers. In transit, it indicates that your actions are in tune with the solar source of life. This is a powerful aspect for personal growth, and for advancing your karma.

9 Dec 2018 (8 Dec 2018 to 12 Jan 2019)

☉ 1st H.

**TRANSITING SUN IN THE FIRST HOUSE**--When the Sun is transiting this first house of self and new beginnings, the focus will be on where you are and where you want to be with your personal life. These influences will help you to make an accurate assessment of your personality at this time in your life and also provide the energy to make changes toward a more powerful and comfortable personality. You will be more forceful with others and will be able to make a better impression upon them from a position of power. You must be careful with this power however, because you may not be sensitive and empathetic to their feelings. Just because you are finding ways to change yourself doesn't give you the power to change others. This transit is more self-directed and can tend to shut out the outer world with its problems and needs. For this reason, now may not be the best time for team-working with others on group projects. On the other hand, the renewed energy of this transit can help you to achieve more difficult tasks than before, and when carefully utilized, can also make great contributions toward the fulfillment of shared goals. However the strong focus is on you. You have a valid need to express yourself now, and if this need is not fulfilled it will hold you back in your future self-confidence and personal growth.

10 Dec 2018 (5 Dec 2018 to 14 Dec 2018)

There is no need to let that truth drag you down. Try to find a balance between your needs and your obligations. You may have to make compromises, but do not ignore either area. Your energy is going to be low during this transit, and you will be tempted to lay low and give up. Actually the most difficult part of this opposition is the way you feel about it, especially if you allow yourself to feel isolation and self-pity. Find something rewarding to do which requires concentration, preferably something you can take pride in and can do alone. Relationships are likely to be strained during this time. Since you have a tendency to feel alienated from others, it would be better just to let this transit pass before making any permanent relationship changes.

♆ ♁ ♀

TRANSITING NEPTUNE OPPOSITE NATAL VENUS--During this transit love relationships can be either delusional and confusing, or they can be mystically inspired and spiritually fulfilling. Neptune is a dual octave planet and the higher octave vibrates at a spiritual level. A romantic relationship will be affected during this time, no matter how long it has been in existence. Your sense of reality is also being tested now and you need to learn to accept others as they really are--not as you want them to be. All relationships need to rise above the levels of confusion and delusion in order for them to last, and the Neptune aspects will provide times to check them out. The same applies to other Venus

planetary affairs, such as art, beauty, and material possessions. Now is the time to look at the reality, and to decide for all these affairs, whether they should grow or go.
