Chapter 1: How You Approach Life and How You Appear To Others

Scorpio Rising:

You are very strong-willed and proud, but intensely private and not easy to know well. Behind your quiet exterior lies a great deal of emotional depth, sensitivity, complexity, and also fierce determination. When you want something you go after it rather quietly but insistently and wholeheartedly - and you usually get it.

You are not a person who lives lightly or superficially. You want to live passionately and intensely and are not averse to challenge, danger, or to facing the darker side of life - human pain and struggle. You function well in crisis situations and often seek them out, for you enjoy the feeling of living at full capacity.

You are very intuitive about other people and especially about their unspoken feelings and hidden motives. You usually have strong, immediate gut reactions, either positive or negative, which prove to be correct. You approach life very instinctively and are not always fully conscious of why you feel or act as you do. You also have a very strong affinity with animals - an acute sensitivity and a nonverbal kind of rapport with them.

In relation to others, you are rather cautious, sometimes even suspicious, until you get to know and trust them - and trust doesn't come easily to you. When you commit yourself emotionally to someone, be it friend or lover, you are intensely loyal and devoted to them and you also expect the same kind of unwavering, undying loyalty in return. If you are ever betrayed by someone you care deeply for, you are capable of hating and retaliating with as much fervor as you once loved. Nothing is done halfway. In fact, you are intensely involved and often jealously attached to whatever you care about, be it person, idea, or cause. There is definitely a streak of emotional fanaticism in you.

Because of your natural reserve, others may see you as something of an

enigma. You are quite self-protective and often defensive. You are also very magnetic, especially to members of the opposite sex.

Chapter 2: The Inner You: Your Real Motivation

Sun in Taurus:

You are a steadfast and patient soul, capable of tremendous devotion, dedication, endurance, and constancy. The ability to follow through and stick with things is one of your greatest assets. Once your course is set, you pursue it tenaciously until it is completed, stubbornly resisting any attempts to sway you from your purpose.

You have a very practical nature and want to see concrete, tangible results for your efforts, and you are not one for spinning wild dreams that are unlikely to come into fruition. Most of your "wild dreams" have to do with material achievements, well-being, and security, for you have a great love of the physical world and you want to experience and enjoy it to the full. Though you will work long and persistently, you also have a strong sensual and comfort-loving side, and you want to enjoy what you have worked for. In fact, you can be enormously lazy at times and have a tendency to overindulge in good food and other earthly pleasures. You also love the beauty of the natural world and probably prefer a serene country setting rather than an urban life style.

At heart your needs are simple and you are easy to please. You have a strong desire for security, stability, and peace, and will rarely make changes unless you are forced to do so. You are not very demanding emotionally, though you do crave lots of physical closeness and affection. Because of your faithfulness, emotional steadiness, and gentle strength, others often depend upon you for support. Though you hate upheaval and sudden changes, you usually maintain your poise and equanimity. You also have an innate sense of harmonizing with nature, allowing things to grow and unfold in their own time, and the patience to nurture something into being - be it a garden, a child, or some creative project. You make an excellent mother or father, especially if you follow your instincts more often than "the experts".

You have three major faults: one is your bull-headed obstinacy. The second is your unwillingness to deviate from your safe, predictable routine. And the third is your tendency to always insist upon realism and undervalue the imaginative, speculative, and fanciful - in other words, you lack the ability to play with ideas and possibilities, to open your mind to the new.

Sun in 7th house:

You invest a tremendous amount of your creative energy into your relationships with others, particularly your marriage or other close partnerships. You feel you need others in order to be all that you can be, and you are disinclined to solitary activities and endeavors.

Working with people on a one-to-one basis to bring about mutual understanding, harmony, and satisfaction is an area in which you can really excel. Counseling or negotiating are talents of yours.

Sun Conjunct Uranus:

Innovative, original, unorthodox, and unconventional, you identify with the role of rebel, reformer, or iconoclast. You insist upon a great deal of personal freedom and do not easily adapt yourself to others' needs and wishes. You need a lifestyle that allows you to be spontaneous. Often you feel that you are somehow different from other people and outside the mainstream of society.

Sun Sextile Neptune:

You are imaginative and sensitive to anything colorful, beautiful, or magical. You are attracted to artistic and creative pursuits, music, and mysticism. Your spiritual values color your whole perspective and approach to life. You are idealistic and perhaps impractical.

Chapter 3: Mental Interests and Abilities

Mercury in Taurus:

Your mind operates in a very deliberate and methodical manner and you dislike being rushed or forced to give an opinion before you have thoroughly ruminated and digested an idea. You are also difficult to influence once your mind is made up.

Though slower to grasp new concepts or learn new skills, you are patient and persevering and, in fact, often become quite adept at whatever you put your mind and hand to, for you are willing to devote much time and attention to it. You succeed not so much because of your mental brilliance, but because you have the ability to concentrate and follow a project through to its completion. You have an aptitude for singing or drawing.

Mercury in 7th house:

You are often involved in verbal exchanges, interviewing, discussing, debating, counseling, negotiating, getting and giving feedback, and sharing information. You are drawn to intelligent and verbal people, with whom you can communicate and from whom you can learn. You love to have an audience to hear your ideas, and you also appreciate eloquent presentations by others.

Mercury Sextile Jupiter:

You have an ongoing interest in learning and expanding your mental horizons. You enjoy traveling, philosophical discussions, and exchanging ideas with those of different experiences and viewpoints. Broad-minded and fair, you are well-suited to law, consulting, diplomatic relations, and also business. You learn quickly, and can pick up on a new idea or concept with relative ease.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Gemini:

You do not appear to be an intensely emotional or sentimental person, and you are often unaware of your own or other people's deeper feelings and emotional needs. Tears and tantrums bewilder you and make you very

uncomfortable. You would rather settle differences by talking things out reasonably and rationally, but you tend to ignore or poke fun at any attempt to probe your own or others' inner depths.

You avoid heavy, demanding emotional involvements and are wary of making personal commitments.

You need plenty of mental stimulation and you feel close to people with whom you can share thoughts and mental interests. Conversation is very important to you. The strong, silent type of partner is not for you.

Moon in 8th house:

Though you want closeness very much, you often close yourself off and do not really trust others who may wish to get to know you. You are very wholehearted in your feelings and responses to people, and you want all or nothing from the people you care for.

Venus in Aries:

Your love feelings and desires are easily aroused but it may be difficult to sustain your romantic interest in a relationship after the initial, exciting "chase and conquest". You enjoy a partner who is dynamic and alive, someone with a strong independent streak, and you do not like things to become too peaceful or predictable in the love arena. You want to see sparks fly once in awhile, even if that means instigating a fight.

Venus in 6th house:

When you care about someone, you like to serve them, doing small thoughtful favors, helping them, or doing something tangible to show your affection.

You also have considerable artistic or creative skill and may sew or do other handiwork or crafts. In fact, you are suited for a profession involving beauty or pleasure or making people happy in some way.

Venus Sextile Saturn:

Loyalty, fidelity, and security are very important to you in love. You are

cautious about giving your heart away but true to the one who does win your love. Your tastes are simple, even austere, and you do not appreciate frivolity. You are interested in a person's character and inner qualities far more than their appearance. Casual or superficial relationships don't interest you at all, for love seems to get deeper and richer and more satisfying for you with time.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Libra:

You seesaw between being too pushy, confrontational, and insistent on doing things your way, and being too eager to please, without a clear, definite goal of your own. You strive for a balance between acting independently and assertively - and working cooperatively and interdependently with others. You may feel frustrated at times that you cannot simply do what YOU want to, that you must always accommodate the needs and desires of others. Or you may feel hesitant to act in a positive, assertive manner if you do not have the support and approval of other people. Either way, you are not a loner. You achieve your goals by collaborating and joining forces with others, by being a team player. You are very concerned with the concept of fairness and become quite indignant and vocal if you sense someone is being taken advantage of. You avoid extremism and favor a balanced, moderate approach to living. You are unlikely to push yourself too hard or to become fanatically driven to reach your goals.

Mars in 11th house:

You are a team player and work well in collaboration with others who share your goals, ideals, and intentions. You can coordinate group efforts and inspire people to work toward a shared goal.

Team sports are also a lot of fun for you, and you could be a leader, coach, or director of any group endeavor.

Mars Opposition Jupiter:

You are enterprising, ambitious, and have a strong desire to succeed in a big way. Ever on the look out for new opportunities and promising new ventures, you are willing to take risks if you sense that something is going to be a winner. No matter how much you accomplish, you never seem to be completely satisfied. You always feel you can do more, and set your sights on another goal. You feel frustrated in limited circumstances, and you will leave secure and reasonably successful situations if they do not offer challenges and potential for growth and expansion in the future. You like to keep stretching your limits, to see how far you can go. Sometimes you over-extend yourself or promise more than you can actually achieve, due to an overly optimistic or overly confident assessment of your own capacities. You relish healthy competition and feel that it spurs you on to even greater achievements.

Chapter 6: Other Influences

Jupiter in Pisces:

Your ability to empathize and identify with others makes you unwilling to take advantage of or hurt anyone. You care about the underdog. You may also be unusually impressionable or have highly developed psychic sensitivity.

Jupiter in 5th house:

You are fun-loving and playful, and you throw yourself into your play with joyous abandon! Whatever your love or enthusiasm of the moment is, you go all out for it. You enjoy sports, recreation, or gambling, and you can be somewhat hedonistic or addicted to having a good time. Your children or your creative pursuits give you much happiness and fulfillment.

Jupiter Square Saturn:

You have an inner conflict between idealism, hope, and faith in the future versus doubt and oppression by limitations and practical realities. You need to develop discipline and patience in order to achieve your aspirations. You will

grow by learning to accept frustration and to persevere in spite of obstacles.

Saturn in Gemini:

You doubt your own intelligence and mental capacities, and you may work very hard at studies in order to compensate for this. You are often overly serious and disinterested in light or superficial conversation. Spontaneous communication, social give-and-take, and making small talk are likely to be difficult for you.

Saturn in 8th house:

Fear of the unknown, of change, and/or of death may plague you. You strongly resist changes and transitions rather than greeting them with curiosity or a spirit of adventure, which makes them much harder for you.

On another level entirely, you are very careful about joining forces, and especially your material resources, with others. You want to keep your own and other people's property and assets very distinct.

Uranus in Taurus:

You are part of a 7 year group of people who are very progressive in business and practical matters, and implement scientific ideas in practical ways to make life more comfortable. Home appliances, for example, were improved and marketed by your age group to a much greater degree than was previously done.

Your age group is also rather sensual and romantic, and is uninhibited in expressing romantic feelings. Your age group rebelled against repressive attitudes towards sexuality, and promoted overt expression of sexuality in movies, music, etc.

Uranus in 7th house:

You need a lot of freedom in your close one-to-one relationships and you may experiment with nontraditional forms of relationships. You rebel against conventions and restrictions when it comes to marriage or personal relationships, and you're likely to choose a highly unusual, eccentric, or unconventional partner.

Uranus Sextile Neptune:

You are quite open to psychic experiences and altered states of consciousness, and do not have to work very hard to achieve them. You belong to an idealistic, free-thinking group of people who will advance the spiritual progress of humankind as a whole.

Neptune in Pisces:

You are part of a 14 year group of people that are very intuitive, receptive, and imaginative. The arts and music are very important to your age group, and they flourish with your support, talent, and contributions. There is a rich and varied abundance of artistic and musical productivity from your age group.

All manner of religions and psychic investigations grow as well. There is a great interest in ultimate questions and answers and also in phenomena that do not seem to be explicable by scientific concepts. Mysticism is on the rise with your age group. The spiritual qualities of compassion and sacrifice are also highly valued and are more openly honored and respected than by other age groups. Spiritual and emotional sensitivity are so strong that there is a problem of escapism through alcohol and drugs, which is likely to increase during your generation.

Neptune in 4th house:

Your childhood and early home life were colored by a great deal of confusion or by people with unusually active imaginations, aspirations, or fantasies. It is difficult for you to see your childhood and your relationship with your parents in a clear, realistic light. You may search for the ideal, loving home you wish you had, or believe you had, when you were a child. Finding inner peace and a sense of emotional security within yourself is important to you.

Pluto in Taurus:

You are part of a 30 year group of people who are highly motivated by practical concerns. There is a very strong psychological need to feel that there is a firm foundation and a solid basis for one's life. There is an irresistible urge to make sure that the basics are taken care of and everything is built on a solid foundation. Consequently, your generation works hard to improve the

economy, ensure adequate food supplies, maintain and build roads and buildings, increase productivity, and develop other facilities that are essential foundations for a healthy, thriving economy.

There is a strong tendency to measure the value of something by its utilitarian value. For example, in education and research the emphasis is on ideas of practical value and there is little support for more purely theoretical research.

Your generation is pragmatic and productive, and is driven by a need to build and DO things. This concern with practical affairs often becomes unbalanced, and a rampant materialism with little regard for humanitarian, ethical, and spiritual values often develops in your age group.

There is also a strong sensual craving in your age group, and a great deal of emphasis is placed on physically comfortable surroundings and good food. Romance is particularly important to your age group, and a great emphasis is also placed on the physical attractiveness of the opposite sex.

A small minority of members of your age group are likely to be uncomfortable with the practical and materialistic atmosphere of the times, and consequently become alienated and antagonistic towards the social norm.

Pluto in 6th house:

You can become obsessed with your health, self-improvement and personal development. The psychological elements of disease interest you, and you may endlessly psychoanalyze yourself and others.

Also, you may work compulsively and exhaust yourself through overwork. You can be a tyrant with co-workers, and it may be easier for you to work in solitude.
