When two planets are separated by a particular angle, astrologers believe that the influences of the two planets combine to create a strong effect on a person. In ancient astrology and much modern astrology five angles are considered very important: 0, 60, 90, 120, and 180 degrees. These important angles are known as "aspects". In modern times, many astrologers also interpret aspects of 30, 45, 135, and 150 degrees. Some astrologers also use a variety of other angles, such as 72, 144, 40, 80, and many other angles. In the late 20th century a branch of astrology known as "harmonic astrology" developed and practitioners of harmonic astrology believe that there are many hundreds of different aspects, so harmonic astrology has greatly increased the complexity of astrological interpretation. Not all astrologers are convinced that these additional aspects are important. Harmonic astrologers also group together various aspects which they believe to have a similar influence. For example, the fractions of $1/9$ (40 degrees), $2/9$ (80 degrees), and $4/9$ (160 degrees) of a circle are known as "9th harmonic aspects". Given below are interpretations of the following 6 aspects: (1) the semisextile aspect, which is 30 degrees, (2) 24th harmonic aspects, (3) 16th and 32nd harmonic aspects, (4) quintiles and biquintiles, also known as 5th harmonic aspects, (5) the septile, biseptile, and triseptile aspects, also known as 7th harmonic aspects, and (6) the novile, binovile, and quadnovile aspects, also known as 9th harmonic aspects. These additional aspects are known as minor aspects or harmonic aspects. There are many other aspects used in harmonic astrology, but these aspects are among the most important and powerful, and hence this report describes some of the most important Harmonic Highlights in your astrology chart.

I recommend that you read this report after reading an interpretation based primarily on the most commonly used aspects. I think you will be impressed by the ways in which the aspects interpreted in this report describe major issues in your life and in your personality that are not described as clearly by the more commonly used aspects. Hopefully this analysis of harmonic aspects will be useful and helpful to you. If you are an astrologer and you currently do not use harmonic aspects, reading several Harmonic Highlights Reports of friends and family may make you a believer in harmonic aspects. Adding these additional aspects to your interpretation does add greater complexity and detail to your analysis, and keeping a clear, integrated view of the astrology chart becomes more difficult, but astrology is likely to grow in sophistication as it evolves and develops in the 21st century.

Aspects noted as "very strong" in the report have an orb of less than 1/3 the allowable orb and appear at the beginning of the report. "Strong" aspects have an orb of less than 2/3 the allowable orb, and aspects that have an orb that is 2/3 or greater of the allowable orb are printed at the end of the report.

If there are any midpoints conjunct or opposition midpoints within a 15 minute orb, these are also interpreted. These four-planet patterns are also known as isotraps or planetary pictures.

Finally, planets conjunct or opposition the midpoint of two other planets are interpreted. These midpoint structures are also known as direct midpoint structures because the angular distance from the planet at the midpoint to each of the other two planets is the same. Direct midpoint structures with an orb of less than 15 minutes are analyzed first followed by those with a 30 minute orb, then a 1 degree orb, and finally up to a 1 1/2 degree orb. Therefore the midpoint structures with smaller orbs are interpreted first followed by midpoint structures with larger orbs.

For the benefit of astrologers, given below are the orbs used for each aspect. Note that according to harmonic theory, orbs are defined so that all harmonics occur equally often by chance, and hence the orbs are not rounded to the nearest degree.

Aspects and orbs:

16th harmonic	:	1	Deg	00	Min
32nd harmonic	:	0	Deg	30	Min
24th harmonic	:	0	Deg	40	Min
5th harmonic	:	3	Deg	12	Min
7th harmonic	:	2	Deg	17	Min
9th harmonic	:	1	Deg	47	Min
semisextile	:	1	Deg	20	Min

Mars 7th harmonic (triseptile) Jupiter, very strong (Orb: 0 Deg 30 Min):

You are an excellent strategist and you are very good at developing and implementing long-range plans. You have the will power and foresight to practice, be disciplined, study or persist to achieve great goals. You are an architect, so to speak, who designs and builds a magnificent edifice over time. Others may try to sway you or distract you but your quiet, persistent efforts are likely to succeed in the long run.

Sun 9th harmonic (novile) Saturn, very strong (Orb: 0 Deg 15 Min):

You have a strong innate sense of the balance between individual freedom versus responsibility and obligations to others. You can become very angry when you feel that social norms or regulations require you to do things that are unnecessary. You also are inclined to be very annoyed with people who shirk important civic or social responsibilities.

Jupiter 9th harmonic (novile) Pluto, very strong (Orb: 0 Deg 32 Min):

You tend to migrate to a community and neighborhood of successful people, and you are an effective leader or entrepreneur because you are always seeking out ways to merge, partner, negotiate, grow and develop any activity that you participate in.

Saturn semisextile Pluto, very strong (Orb: 0 Deg 20 Min):

When necessary, you are capable of discipline, sacrifice, or austerity to achieve what is important to you.

Sun 5th harmonic (quintile) Pluto, strong (Orb: 2 Deg 05 Min):

You have a creative drive that gives you the ability to express yourself with a little extra zip and impact than most people. You are good at finding creative solutions and you enjoy a contest or competition that requires ingenuity as well as strength or will power. You react effectively when there are surprises and you meet challenges well. You enjoy competitions, either against yourself or against others.

Moon 5th harmonic (biquintile) Mars, strong (Orb: 1 Deg 38 Min):

For you competition is great fun. You want to win, but even more than winning, you appreciate a competitor who forces you to improve your "game" and to develop creative strategies to win. You love the competition and you love the celebration that follows if you are victorious. You are most compatible with people who find challenges enjoyable and entertaining. For you play is like work to others, and your work is like play.

Venus 7th harmonic (septile) Uranus, strong (Orb: 0 Deg 50 Min)

You can discover deep satisfaction in playing a musical instrument, or by engaging in dance, painting, sculpture, and other arts. Practice and discipline in these areas which eventually develop proficiency is very rewarding to you. Control of energy flow and the mastery to create beautiful things is fulfilling to you at a soul level. For you to feel fulfilled, you need to feel that you are harnessing the raw powers of nature. You can feel free and liberated by experiencing the beauty of elegantly performed music or other works of art. Simply taking the time to appreciate or study masterpieces is very fulfilling and satisfying for you.

Moon 32nd harmonic (5/32) Saturn (Orb: 0 Deg 27 Min):

You have a very strong inner need to be responsible and sincere. You have little tolerance for superficialities, lies, and exaggerations. You tend to be shy and humble, and you stay away from the glamour and limelight. Do not allow yourself to be so demanding of yourself and responsible that you are unable to forgive yourself for past mistakes. Also, having time to be alone is good for you and can give you inner strength and peace of mind.

Venus 32nd harmonic (7/32) Saturn (Orb: 0 Deg 22 Min):

When a friend needs help with something really important, you will be there to give it. You are responsible and respectful to others and behave in a mature way, even as a child. You are much more attracted to a person who has integrity and character than to a person who is physically beautiful but shallow or superficial. Those who do not know you well may not realize that you are very responsible and trustworthy because you do not dramatize, emphasize, or preach ethics to others.

Uranus 16th harmonic (5/16) Neptune (Orb: 0 Deg 59 Min):

People who do not know you well may not realize how strong the inner child in you is. A world that is mundane and prosaic is not for you. You have a need for the inspirational, imaginative, and magical.

Uranus 32nd harmonic (5/32) Pluto (Orb: 0 Deg 28 Min):

Your tolerance for boredom and frustration is lower than most other people. Once you lose patience, you feel a need to break free and express yourself freely and honestly. You are a dynamic person who needs the freedom to follow your instincts.

Jupiter 5th harmonic (quintile) Saturn (Orb: 2 Deg 52 Min):

You are good at rearranging and redesigning things, and finding alternatives that are more efficient and less wasteful.

Mercury 9th harmonic (novile) Uranus (Orb: 1 Deg 23 Min):

You are a free-thinker. You are progressive and optimistic. You have an irrepressible curiosity and child-like enthusiasm for new ideas, and you make others feel welcome to share their creative interests. For you, discovery and curiosity are natural, and beautiful, and others enjoy your company because you add a lively, positive quality to any discussion. You enjoy, and support, a wide range of creative efforts and innovative works in every area of life.

Venus 9th harmonic (binovile) Saturn (Orb: 1 Deg 37 Min):

You are a good citizen, and most likely you contribute significantly to your local community. You are sensitive to, and concerned about, social injustices and social inadequacies that prevent some people from having the same opportunities as others have. You are a responsible and mature person. You can use your gift to make an important contribution that will have lasting benefits for your community.

Moon semisextile Neptune (Orb: 1 Deg 18 Min):

You benefit greatly by periodically giving yourself time to be in an inspirational environment, whether that be a church, a beautiful natural setting,

or by listening to beautiful music. These experiences recharge you, keep you centered and focused, and help you direct your energies to the things that are really the highest priority for you.

MIDPOINTS CONJUNCT/OPPOSITION MIDPOINTS (if there are any with up to a 15 minute orb)

Sun/Mercury conjunct Venus/Uranus: (Orb: 0 Deg 15 Min):

You are able to express yourself spontaneously and fluently. You have the ability to assemble ideas quickly and with little preparation. If you receive proper training and learn essential fundamentals, you can be an excellent writer, speaker, composer of songs, or musician. However, you tend to become bored easily and you may limit your potential by failing to focus and concentrate. Your mental and emotional agility and quickness can be utilized effectively in many different areas.

DIRECT MIDPOINT STRUCTURES (allowable orb = 1 1/2 degrees)

Saturn Conjunct Mars/Neptune 0 deg 08 min

In the long run, you will find that a career that emphasizes sales and marketing rather than real service will depress, frustrate, and exhaust you. Deep within yourself you are seeking greater meaningfulness in your work. You are able to sacrifice for a worthy cause and you are able to work long hours with little recognition if you feel that the service you provide is really meaningful.

Moon Conjunct Neptune/Pluto 0 deg 50 min

You have great sensitivity to subtle changes in feelings. Mystical or unusual

music probably appeals to you, and you feel more at home in an environment that is very imaginative. You enjoy art and music that are deep and profound rather than light and easy.

Sun Conjunct Venus/Saturn 1 deg 04 min

You are serious and loyal in love relationships. You are not inclined to date a lot of different people; you seek a meaningful and deep relationship. You dislike ostentatiousness, pretentiousness, and glamour.

Pluto Conjunct Moon/Saturn 1 deg 19 min

Sometimes you feel alienated and distant from others. You seek solitude, although too much distance from others can also bring on feelings of depression and loneliness. You need to find the right balance to make your life work; this will not be easy to achieve but perseverance and confidence that the effort is worth it will repay you in the end.
