INTRODUCTION

There are friendships and there are FRIENDSHIPS, partnerships (whether business or personal) and PARTNERSHIPS. HEAVEN SENT can help you understand ALL your interpersonal relationships, whether business or pleasure, gay or straight, romantic or platonic, by describing the details of your interactions.

To best understand your relationship with anyone, it is suggested that you first get their (and your own) natal chart interpreted. This tells you what makes them (and you) tick. Then, the comparison tells you what you each trigger in the other.

HEAVEN SENT is divided into two sections--the first deals with planets in houses, that is, which of your natal houses are triggered by his/her planets and vice versa. The second section deals with planets in aspect, or how your planets relate to each other. A true comparison involves a blending of everything said in both sections. This is important since there are often seemingly contradictory statements made, such as, "You are dear friends," and, "You compete with each other." Both would be true. They would simply manifest at different times.

There are two things HEAVEN SENT can do for you:

1. Give you information you did not already know and,
2. Validate what you've known all along. (Yes, you were right!)

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

Meghan Markle's Sun Square Prince's Moon:

Your relationship has strong emotional highs and lows. Whenever one of you expresses yourself, the other feels emotionally threatened. This can create arguments. This aspect represents the conflict between expressing yourselves when emotions run high and protecting yourselves, between creating and nurturing. You each want your way and have strong emotional reasons to justify yourselves.

Prince's Sun Conjunct Meghan Markle's Venus:

You truly love each other---and love the happiness you feel when you are together. You bring out the best in each other and see the other as beautiful. Your love is reflected in the other's eyes, so you see yourself as loved, and love the feeling of being loved. You bring out each other's artistic appreciation and talent.

Meghan Markle's Sun Sextile Prince's Venus:

You are good friends because you like each other as well as love and support each other. You see each other as loving and beautiful. As a result, you love to be together. You support each other's artistic interests and talents and bring out the best in one another.

Meghan Markle's Sun Trine Prince's Mars:

You energize and activate each other positively, and encourage one another to go for it NOW. You trigger the winning spirit in each other. Life becomes an adventure when you are together.

Meghan Markle's Sun Square Prince's Saturn:

You each act like an authority figure with the other---and each resent and fear the other's authority. You each feel you are right. You are stoic, serious and unbending with each other. This is to cover up your fear.

Meghan Markle's Sun Trine Prince's Uranus:

You encourage each other's individuality, uniqueness and inventiveness by giving each other the space to be yourselves. You are non-possessive of one another and find the other fascinating. You can be in tune psychically.

Prince's Sun Square Meghan Markle's Neptune:

You each seem too good to be true to the other. You do not see each other clearly because you want to believe the dream rather than reality. You can put the other in a bubble on a pedestal to be worshipped and adored. This can leave you open to deception and disappointment.

Prince's Moon Trine Meghan Markle's Venus:

You love each other and want to be together. You care about one another, support each other emotionally and encourage the other's artistic talents and appreciation.

Meghan Markle's Moon Square Prince's Jupiter:

There is a conflict between generosity and tenacity in your friendship. You can exaggerate your own accomplishments at the same time you overindulge the other with gifts, praise, etc. As a result, honesty is replaced by exaggeration. You want to see yourselves as generous friends---and will prove it with a flair.

Meghan Markle's Moon Sextile Prince's Uranus:

You bring out one another's uniqueness, inventiveness and individuality. You give each other the space to be yourself. As a result, you are friends.

Prince's Moon Opposition Meghan Markle's Uranus:

Yours is not a boring relationship. You each trigger the other's desire for freedom and independence as well as inventiveness and uniqueness. This makes you both unpredictable and keeps the relationship exciting.

Meghan Markle's Moon Square Prince's Neptune:

You each want the other to be perfect, so you place one another in a bubble on a pedestal. This permits you to worship from afar. If the bubble bursts and the pedestal tumbles, you experience disillusionment and disappointment. The

way out is to see the other as they are, not as you'd like them to be.

Your emotions blend and harmonize. You feel secure with one another.

Prince's Mercury Conjunct Meghan Markle's Venus:

You express yourselves clearly and directly. You get right to the point. Your conversations are funny, alert and lively. You trigger new ideas in one another.

Meghan Markle's Mercury Square Prince's Saturn:

You tend to see the glass as half empty rather than half full when you are together. You criticize one another's ideas because you see their flaws. As a result, you are each afraid to express your ideas. This makes conversation heavy and restrictive---and can eliminate it altogether.

Meghan Markle's Mercury Trine Prince's Uranus:

Your conversations are stimulating and fun. You trigger each other's sense of humor and innovative ideas. You are mentally and psychically in tune.

Prince's Mercury Square Meghan Markle's Uranus:

You stimulate one another's minds, but rebel against one another's ideas. You take issue with what the other says. This leads to argument rather than conversation.

You do not trust one another and speak to each other guardedly. You question, withhold and play verbal games in order to test each other and maintain control.
